**“MEN shall walk without moving, they shall speak with those who are absent, they shall hear those who do not speak. . . . It shall seem to men that they see new destructions in the sky, and the flames descending there-**

**from shall seem to have taken flight and to flee away in terror . . . they shall hear creatures of every kind speaking human language . . . they shall run in a moment in person to divers parts of the world without movement . . . amidst the**

darkness they shall see the most radiant splendors. . . . O marvel of mankind! What frenzy has thus impelled you! You shall hold converse with animals of every species, and they with you in human language. . . . You

shall behold yourselves falling from great heights without suffering any injury . . . the torrents will bear you with them as they mingle in their rapid course." . . . . . *Taken from Leonardo Da Vinci's Notebooks —"Prophecies"*

**H**ERE rise the visions of four college years wherein we learned to know the things worthwhile, where first we saw the dreams of what might be, and, if not giving, then at least endeavoring to know those projects

which are **Progress** and which educate. Around these scenes of work and hope is the *Administration*, the guiding force of all this institution. Then *Classes*, from the Freshmen all agog with hope and plans to Seniors, always dignified; a splendid daily round

of gay activity called *University Life*; here were *Athletics*, a pleasurable part, with football games and other tournaments; everywhere *Women* of the university—a right good sort, we finally decide. We remember

happy hours spent freely in *Activities*, as, frowned upon by faculty, we labored late with many an “outside interest.” Last come the *Organizations*, which willingly speak for themselves. Now let the pages which follow picture the glorious vision.

**T**O the man whose name symbolizes progress in the East, progress in the South, and progress in the Middle West, whose ideals point the way for liberalism and impartiality in all institutions he directs; to the man who came to Urbana from a strengthened University of North Carolina, and who here pursued his liberal and forward-looking idealism with such enthusiasm, aptitude, and gentility that Illinois, too, is strengthened; we respectfully and with protestations of sympathy and friendship dedicate this thirty-eighth volume of the ILLIO.

**“WE are, in a real sense, pioneers in the educational world. We are educationally young, and there ought to be about our viewpoints something of the freshness of youth. These new creations in higher education ought not to be dedicated to what is traditional and conventional. They ought resolutely to face their own problems in their own way in terms of the generation to which they belong and of the task to which they are dedicated. So, and only so, will they render their greatest service to state and nation.”**

HARRY WOODBURN CHASE  
PRESIDENT OF THE UNIVERSITY

---

---

EVERY state university has as one of its duties what might be called its function as a social instrument. I mean the tremendous influence which any institution, like the University of Illinois, has in raising the general level of understanding and good will among the citizens of the State as a whole.

Thousands of Illini, I hope, are going to lead fuller and richer and better lives because they have known the influence of the University for four years, or even less. They have come in contact with ideas. They have been stimulated in accomplished ways. Their horizons have been broadened and I believe they return to the communities from which they came better citizens and better men and women, in a better position to coöperate in the great experiment of American life. I shall always be interested in the Illini and their experience with society.

## TO THE STUDENTS OF ILLINOIS

**F**ROM the Board of Trustees I bring to the students of the University of Illinois warm and sincere greetings.

I hope that your years have been and will continue to be years of social, mental, moral and spiritual growth and that you have spent them and will spend them in the future in acquiring new ideals which will play an important part in determining your happiness and success.

The University of Illinois has a new leader this year—a leader who is vitally interested in

its development and expansion. President Chase, like Doctor Kinley, will carry on the up-building of the University diligently, industriously and perseveringly. I feel sure that you, as loyal Illini, will give him your support toward bringing even greater fame to your Alma Mater.

## THE COLLEGE OF ENGINEERING

DEAN MILO S. KITCHUM

**T**HE College of Engineering ranks third in size of registration among all the Engineering Colleges of the United States. The undergraduate registration reached its maximum in 1929-30 when 1,891 students were enrolled. The registration in graduate work has also shown a rapid increase in recent years. The College of Engineering offers thirteen four-year curricula, each leading to the Bachelor of Science degree.

The work of the Engineering Experiment Station is known all over the world wherever engineering is practiced. The results of its many noteworthy researches are published in 221 Bulletins and 20 Circulars. There are now seventy-five research investigations in progress, thirty-two of which are carried on in cooperation with industries. The quarter-centennial anniversary of the Engineering Experiment Station was celebrated in May, 1930.

MILO SMITH KITCHUM, '95, Dean of the College of Engineering, was born in Burns, Illinois, on January 26, 1872. Since finishing his undergraduate work, he has been constantly connected with universities, except for two brief periods. In 1897-99 he served as bridge and structural engineer for the Gillett-Herzog Manufacturing Company, and in 1903-4 was with the American Bridge Company in Kansas City. During the War he was Assistant Director of the U. S. Government Explosives Plants in administrative charge of the construction of the Smokeless Powder Plant at Nitro, West Virginia. Before assuming his present position in 1922, he served in similar capacities at the University of Colorado from 1905 to 1919, and at the University of Pennsylvania from 1919 to 1922.

## THE COLLEGE OF LIBERAL ARTS AND SCIENCES

**T**HE College of Liberal Arts and Sciences is primarily concerned with training in the fundamental liberal subjects desired by students who seek enlargement of outlook, deepening of understanding of present and past, social, literary and scientific relations in the midst of which they must live. It seeks also to cultivate facility in applying this varied and widening knowledge. In its nineteen departments it offers courses leading to the degrees of Bachelor of Arts and Bachelor of Science in four formulated curricula: General, Chemistry, Chemical Engineering, and Home Economics; and to less closely prescribed curricula preparatory to Law, Medicine, Dentistry, Journalism, and Education. It furnishes large blocks of material for curricula set up in the colleges of Agriculture, Engineering, Commerce, the Graduate School, the School of Music, and the School of Journalism.

DEAN KENDRICK C. BABCOCK

*Campus View West from Mathews Street*

KENDRICK CHARLES BABCOCK, Dean of the College of Liberal Arts and Sciences, was born in South Brookfield, New York, on September 8, 1864. He was graduated from the University of Minnesota, and took his doctorate from Harvard, completing his work there in 1889. On leaving Harvard, he became an assistant professor at the University of Arizona in 1903. From 1910 to 1913, he served as specialist in higher education in the United States Bureau of Education, accepting his present position at the end of that time.

*Commerce Building*

DEAN CHARLES M. THOMPSON

## THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

**T**HE aim of the College of Commerce is to teach its students how to think, how to think in straight lines, and how to think without becoming tired too quickly. In an effort to reach these ends, the curricula of the College are arranged so as to furnish an orderly progress in the student's development from the time he enters as a freshman until he is graduated at the end of his senior year.

CHARLES MANFRED THOMPSON, '09, Dean of the College of Commerce and Director of the Bureau of Business Research, was born in Fairfield, Illinois, on November 10, 1877. On completing his undergraduate work here, he went to Harvard University, where he studied in 1910-11, returning to the University of Illinois in 1911 as an assistant in history. He continued his graduate work here, receiving his Doctor of Philosophy in 1913. Since that time he has been serving continuously on the faculty, accepting his present position in 1919.

*Law Building*

## THE COLLEGE OF LAW

**W**HILE the primary purpose of the College of Law is to train students for the practice of law, it seeks also to promote legal scholarship and research, to develop an appreciation of the highest ideals of the profession, and to inspire the consciousness of responsibility of the lawyer to society in furthering the wise development of the law and in improving its administration. To a limited number of students of high scholarship the School offers an opportunity for training for law teaching.

Admission to the College of Law is granted only to graduates of colleges and universities of approved standing and to students of senior standing who are permitted to elect courses in law for the degree of Bachelor of Arts or Bachelor of Science. Recently the School adopted a scholarship requirement of a *C* average in undergraduate work as a further condition governing the entrance of seniors in the University.

DEAN ALBERT J. HARNO

*View from Law Building Steps*

ALBERT JAMES HARNO, Dean of the College of Law, was born in Holabird, South Dakota, on January 30, 1889. He was graduated from Dakota Wesleyan University in 1911, from which school he received the honorary degree of Doctor of Law in 1927. In 1914 he received his Bachelor of Law, magna cum laude, at Yale University. He practiced in Los Angeles until 1917, when he became Dean and Professor at Washburn College of Law in Topeka, Kansas. In 1919 he went to the University of Kansas as Professor of Law. He has served here as Professor of Law since 1921, and as Dean since 1922.

*New Agriculture Building*

## THE COLLEGE OF AGRICULTURE

DEAN HERBERT W. MUMFORD

**A**VERY large part of the population of Illinois lives in what may properly be called a rural environment. It is the duty and privilege of the College of Agriculture to train men and women for successful achievement in such an environment.

It is the aim of the College to make available to its students, through systematic instruction, the discoveries of science and the experiences of the best farmers of all time. Through experiment, investigation, and research the Agricultural Experiment Station is constantly discovering new knowledge which is put into teachable form for the benefit of students and farmers.

The College is also interested and primarily concerned with the training of men and women who, because of their education, will be able and willing to render a greater service to the world.

HERBERT WINDSOR MUMFORD, Dean of the College of Agriculture, was born in Moscow, Michigan, on February 26, 1871. He received his education at Albion College and Michigan College, from which he was graduated in 1891, and from which he received the honorary degree of Doctor of Agriculture in 1927. Returning to his alma mater in 1895, he served as an instructor and assistant in the Agricultural College and Experiment Station, attaining his full professorship in 1899. In 1901 he became Professor of Animal Husbandry at the University of Illinois, and since that time has been here continuously, serving in his present capacity since 1922.

## THE COLLEGE OF EDUCATION

**T**HE work of the College of Education centers about the training of teachers for secondary schools. In addition to the Division of General Education, there are special curricula in Agricultural Education, Home Economics Education, Industrial Education, and Athletic Coaching, and Public Music Education. The University High School is maintained as a laboratory school, and the Bureau of Educational Research has as its special function the conduct of investigations in the field of education.

ACTING DEAN  
WALTER S. MONROE

*University High School*

WALTER SCOTT MONROE, Acting Dean of the College of Education, was born in Chase, Kansas, August 14, 1882. He studied at the University of Missouri and the University of Chicago, receiving the degree of Doctor of Philosophy at the latter institution in 1915. From 1912 to 1918 he was professor of educational administration at the Kansas State Teachers College at Emporia. After spending a year at Indiana University, where he was Director of the Bureau of Cooperative Educational Research, he became Assistant Director of the Bureau of Educational Research at the University of Illinois. In 1921 he was made Director of that division of the College of Education and since the death of Dean C. E. Chadsey, April 9, 1930, he has occupied his present position.

## THE GRADUATE SCHOOL

DEAN ARTHUR H. DANIELS

**T**HE Graduate School represents the organized efforts and resources of the University for the purpose of giving opportunities for the most advanced study and for the promotion of research. These two functions, however, are by no means separate, for the spirit of research is the life of graduate study. The ideal of graduate work is one and the same for all graduate students. Some are fitting themselves for higher teaching and administrative positions. Others are looking forward to careers in the fields of business, industry, engineering, and the several professions. But it is the purpose of the Graduate School to train all in the methods and the use of the materials of their subjects so that they may become not only experts and authorities, but also independent workers in their chosen fields.

ARTHUR HILL DANIELS, *Dean of the Graduate School*, was born in East Medway, Massachusetts, on October 19, 1865. After receiving his Ph.D. from Clark University in 1893, he came to the University of Illinois as an instructor in philosophy. For two years previous to Dean Babcock's arrival in 1913 he was acting Dean of the College of Liberal Arts and Sciences. Since 1918 he has been connected with the office of the Dean of the Graduate School, being Assistant Dean for one year, Acting Dean for two years, and Dean since 1921.

Porte Cochère, Lincoln Hall

*Smith Memorial Hall*

## THE SCHOOL OF MUSIC

**T**HE School of Music occupies Smith Memorial Hall, the erection of which was made possible through generous gifts to the University by Captain Thomas J. Smith. The building contains, besides the studios, classrooms and offices, some fifty practice rooms, and a Recital Hall seating more than a thousand people. The equipment includes seventeen grand pianos, forty upright pianos, six two-manual practice organs, and a large three-manual organ.

The students enrolled in the School of Music follow a prescribed curriculum which includes four years' work in a major applied music subject; a minor in applied music; complete courses in Harmony, Counterpoint, Analysis and Form, and History of Music; various academic required and elective subjects.

Most of the musical activities on the campus are sponsored by the School of Music. It contributes in many ways to the cultural life of the University, and stands ready to serve any who are interested in the art.

DIRECTOR  
FREDERIC B. STIVEN

*Alma Mater Group*

FREDERIC BENJAMIN STIVEN, Director of the School of Music, was born on July 17, 1882, at Ionia, Michigan. He received his Bachelor of Music at Oberlin College in 1907, and for two years remained there as an instructor in organ. From 1909 to 1911 he studied in Paris under Alexandre Guilmant and Charles Marie Widor. He returned to Oberlin in 1911 as Professor of Organ and held that position until 1921, when he became Professor of Music and Director of the School of Music at the University of Illinois.

Library Building

## THE LIBRARY AND THE LIBRARY SCHOOL

DIRECTOR  
PHINEAS L. WINDSOR

PHINEAS LAWRENCE WINDSOR, Director of the University Library and the Library School, has spent twenty-eight years in library work. He was graduated from Northwestern University in 1895, and studied at the New York State Library School from 1897 to 1899. On leaving there he began his active work as assistant in the New York State library, but changed to the copyright office of the Library of Congress in 1900. In 1903 he became Librarian of the University of Texas, serving there until 1909, when he accepted his present position.

THE University Library not only supplies many volumes for class use to our large number of students, but also gives to our graduate students and to members of the faculty the use of the uncommon or rare books so often required in their advanced work. There is no large Reference Library in our immediate neighborhood, consequently we must provide in our own library all the printed resources that we need. The library staff organizes our more than 800,000 volumes for effective use.

The Library School is a professional school for the training of librarians, and admits only college graduates to its curriculum. Students come to it from every part of the country and occasionally from foreign countries, and its graduates are in libraries similarly located. The number, resources, and educational value of libraries in America are steadily increasing and this condition creates an increased demand for college trained librarians.

## THE SCHOOL OF JOURNALISM

**T**HE year in the School of Journalism is marked by a very considerable growth in the student body, a growth which places Illinois second among the schools of journalism in the United States. Interesting events of the year include the dedication of the Editors' Hall of Fame, and the activity of the Illinois Press Association in favor of a \$500,000 building for journalism. The School now offers programs and courses of study leading toward general newspaper work in reporting, editing, advertising, and management, and toward critical writing and reviewing, political correspondence, financial journalism, editorial writing, trade and technical journalism, country journalism, magazine work, retail advertising, publicity, newspaper accounting, house organ work, feature writing, science journalism, agricultural journalism, home economics journalism, and teaching of journalism.

DIRECTOR  
LAWRENCE W. MURPHY

Uni Hall, Southeast Corner

LAWRENCE WILLAIM MURPHY, *Director of the School of Journalism*, was born in Madison, Wisconsin, on October 18, 1893. He received his Bachelor of Arts degree from the University of Wisconsin and his Master of Arts degree from the University of North Dakota, and has done advanced graduate work at the Universities of Wisconsin and Illinois. Prior to coming to Illinois in 1924, he was engaged in the practice of journalism, military service, and the teaching of journalism. He was formerly Head of the Department of Journalism at the University of North Dakota.

*Dentistry Building*

## THE COLLEGE OF DENTISTRY

**T**HE need for dentists with both professional and technical training has led to a change in the curriculum of the College of Dentistry. The entrance requirements have been increased to sixty hours and more courses in medicine have been included in the dental curriculum. The graduate in dentistry is now equipped to act as a consultant in problems which involve both medicine and dentistry. These afford an attractive field of investigation to the student who wants to work in a field where the unknown and the unexplored offer endless possibilities for research. In no other branch of medicine is there so little definitely established and so much to be discovered. The College of Dentistry is making every effort to supply occupants for positions in hospitals and medical schools where the need is for men with a medical background trained in dentistry who can approach intelligently the large problems in these fields.

DEAN FREDERICK B. NOYES

FREDERICK BOGUE NOYES was born in Chicago, on August 22, 1872. He was graduated from Beloit Academy in 1889 and received the degree of Bachelor of Arts from Johns Hopkins University in 1893, and that of Doctor of Dental Surgery in 1895 at Northwestern University. He began practicing dentistry in Chicago in 1895; since 1909 he has specialized in Orthodontia. From 1897 to 1913 Doctor Noyes was Professor of Histology in Northwestern University Dental School. In 1914 he became Head of the Department of Histology and Orthodontia in the University of Illinois College of Dentistry and served in that capacity until 1926, when he succeeded to the Deanship of the College of Dentistry.

## THE COLLEGE OF MEDICINE

ON October 29, 1930, Dedication Exercises were held for The Nurses Home, The State Institute for Crippled Children, The Institute for Juvenile Research, and The Research and Educational Hospital Service Building, and the corner stone of the Medical and Dental Laboratory Building was laid. Work on the latter is rapidly progressing and plans are now under way for a new Dental Infirmary and Pathological Institute adjacent thereto. Also the State Psychiatric Institute has recently been opened for service. All of these institutions will increase and improve facilities for teaching and investigation of disease. The College of Medicine is hoping to occupy the new Medical and Dental Laboratory Building, October 1, 1931. This will enable us to transfer the Departments of Anatomy, Physiology, Chemistry and Pharmacology, and the Administrative offices to the new site.

DEAN DAVID J. DAVIS

*Medical Library*

DAVID JOHN DAVIS, Dean of the College of Medicine, was born in Racine, Wisconsin, on August 10, 1875. He studied first at the Racine Academy and later at the Universities of Wisconsin, Vienna, and Frieberg, and at the University of Chicago. He served in the capacity of Pathologist at St. Luke's Hospital in 1911-13, and became a Professor of Pathology and Bacteriology at the College of Medicine in 1913. He has written several treatises on Bacteriology and is the author of other medical papers. He began serving as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.

Pharmacy Building

## THE SCHOOL OF PHARMACY

DEAN WILLIAM B. DAY

WILLIAM BAKER DAY, Dean of the School of Pharmacy, was born in Peru, Illinois, on February 15, 1871. He attended the Chicago College of Pharmacy, where he received his Graduate Pharmacist in 1892. Since that time he has been on the faculty of the School of Pharmacy. He served as an instructor until 1900, when he became a Professor of Histological Botany and in 1913 Professor of Botany and Materia Medica. He served as Acting Dean from 1911 to 1919, when he assumed his present position.

**B**EGINNING with the session of 1932-33, the School of Pharmacy will discontinue its present three-year course leading to the degree of Pharmaceutical Chemist and will offer instead a four-year course leading to the degree of Bachelor of Science in Pharmacy.

The first year of this new course will be given as a pre-pharmacy year following graduation from an accredited high school and may be taken in a recognized college or university. Then will follow three years in the School of Pharmacy.

This action marks a most important forward step in the development of the School of Pharmacy. The present three-year course was instituted in 1925. Prior to that time the course had been of two years.

DEAN THOMAS ARKLE CLARK

THOMAS ARKLE CLARK, '90, Dean of Men, was born in Minonk, Illinois, on May 11, 1862, and studied at the Universities of Illinois, Chicago, and Harvard. He has been Dean of Men here since 1901, and his work has gained him national recognition as an authority on all phases of a university man's life. During the thirty years of his service he has probably been guide, counselor, and friend to more young men than any other man in the country.

## OFFICE OF THE DEAN OF MEN

"WHAT is the Dean of Men?" the inventor of Fels-Naptha soap once asked the President of the University of Illinois, and the President tried to answer. He is a general information bureau, an advisor on all subjects—social, moral, and intellectual. He helps the needy, encourages the down-hearted, chastens the delinquent, and is perhaps the most generally criticized officer on the campus. People of all sorts—citizens and faculty, and students—come into his office to ask special favors, to get advice, to try to find out what it is all about, and most who come, come of their own volition.

At present four men devote all their days and some of their nights to these visitors. These are Dean Thomas Arkle Clark, Fred H. Turner, assistant dean of men, G. Herbert Smith, assistant dean of men for freshmen and foreign students, and Charles R. Frederick, who is in charge of student organizations and student activities. Park C. Livingston has been on the office staff the second half of the year as an office assistant. Whatever personal problems confront the undergraduate they try to help him solve, so that out of his college experience he may get the best possible training.

DEAN MARIA LEONARD

MISS MARIA LEONARD, *Dean of Women*, was born in Indianapolis, Indiana. She was graduated from Butler College in 1906, and received her Master of Arts at the University of Colorado in 1910. Since that time she has been constantly engaged in Dean's work, having served as Dean of Women at Idaho State Normal from 1910 to 1912, at Coe College, Iowa, from 1912 to 1923, and at the University of Illinois since 1923.

## OFFICE OF THE DEAN OF WOMEN

**S**TUDENT life has many interests—a day in the Dean of Women's office makes an interesting cross section of campus life as students come in for help and counsel in personal matters pertaining to schedules and scholarships, low finances, work or student loans, home responsibilities, vocational advice for life work, problems of health, personal adjustments, housing, etc.

Miss Irene D. Pierson and Miss Mary Trenchard are the assistant deans of women. Daily contacts are made with hundreds of young women, not only through interviews on personal problems, but with presidents of organizations concerning their group life, with committee chairmen in student activities, and through the social life of the organized and group houses on the campus.

The purpose of the office is to further the development of the women students of the University both in their individual and group life, to try to establish desirable and comfortable homes for them during their college years, and to encourage and maintain intellectual standards through incentives for deeper study and interest in things intellectual.

## THE NEW MEDICAL AND DENTAL BUILDING

**T**HE corner stone was laid October 29, 1930, by Mr. George Barr, President of the Board of Trustees of the University of Illinois.

The State Legislature in the session of 1929 appropriated \$1,500,000 for the construction of the new medical and dental laboratories. Granger and Bollenbacher were appointed architects. They, in conjunction with Professor White, Supervising Architect of the University, drew the plans and specifications for the building.

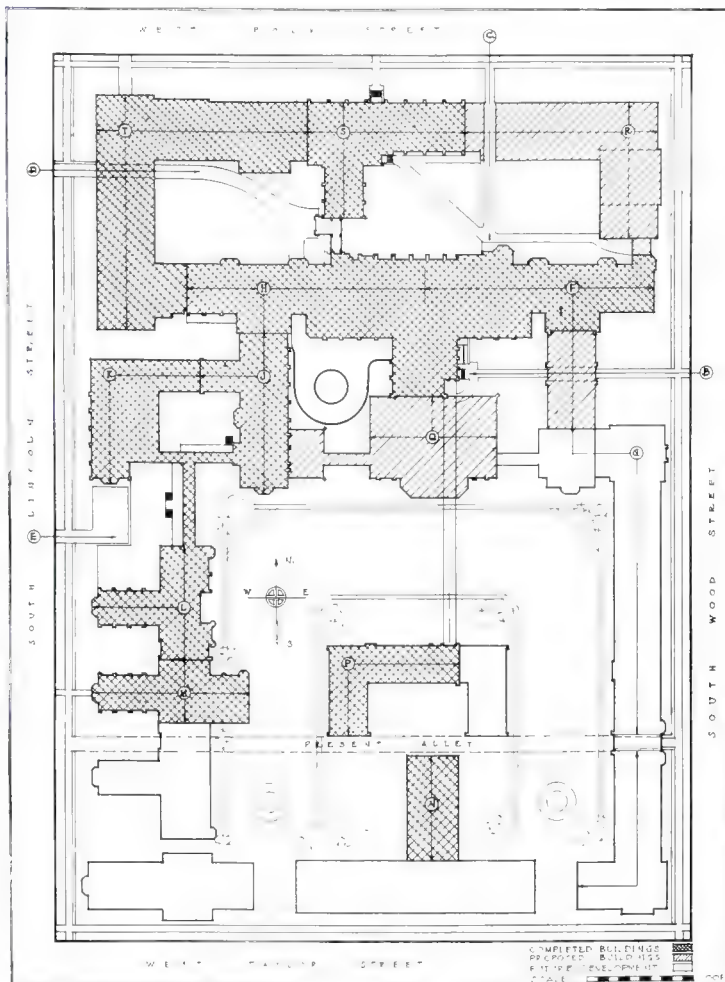

Excavations were started last Spring (1930) and the building will be ready for occupancy October, 1931. It is built of reinforced concrete and brick and completely fireproof. Its location is the north-west corner of the Research and Educational group of the University of Illinois and the State Department

of Public Welfare at Lincoln and Polk Streets. The building is five stories high, extending from the Research Laboratory Building west and seven stories south from the corner with a connecting link between its south end and the west end of the main building of the hospital group. There is a ten-story tower on the north side near the corner. It is continuous with the Research Laboratory Building.

The space has been assigned as follows: The basement will be occupied by library stacks, student locker rooms, student lounge, faculty lounge, storage and machinery rooms. The first floor will be occupied by a large library reading room, more than doubling the capacity of the present reading room, a disease museum, a suite of business offices, a suite of administration offices for the medical school and an office for the graduate school of the University. A lecture room, seating 200, is located on this floor and two class rooms.

The second floor will be occupied by Physiology. There is a lecture room on this floor extending through the third floor, seating 300. The main instructional laboratories are located in the portion of the building facing Lincoln Street. In the connecting link with the hospital, there will be located offices and laboratories for the Department of Obstetrics and Gynecology.

The third floor will be devoted to Physiological Chemistry. The portion of the building facing Lincoln Street will

be used entirely for routine instruction. Beyond the lobby on the north side, there will be a Kjeldahl digestion room, a Kjeldahl distillation room and a thermostat and balance room. Beyond the lobby on the south, there will be a steam bath room and a main laboratory with a capacity of 600 students in sections of 200. On this floor the connecting link between the hospital and this building will be occupied by the Department of Medicine.

The fourth floor will be devoted to Pharmacology. Instructional laboratories are arranged to handle groups of not over thirty. Facilities are available for research and occasional experiments or tests.

PROPOSED CAMPUS MEDICAL AND DENTAL GROUP UNIVERSITY OF ILLINOIS CHICAGO

There is a second lecture room with capacity of 300. The connecting link between the north and south wing of the hospital will be occupied by Surgery.

The fifth floor of the building, running east and west, will afford increased space for the animal hospital.

The fifth, sixth and seventh floors will be occupied by the Department of Anatomy. Two class rooms accommodating 50 students each are located on the first, second, third and fourth floors of the building running east and west.

In architectural style the building is uniform with that of the Research Laboratory Building and the hospital buildings of the group.

## CHEERLEADERS

**C**CHEERLEADING at Illinois, coupled with the Illini Code of Sportsmanship, has played a significant part in the building up of the 'Fighting Illini' spirit which has spread not only through the Big Ten, but into other sections of the country as well.

Varsity cheerleaders are elected by the athletic council. They direct the attitude and expression of the crowds at all big games. Through their influence they promote the gentlemanly and considerate sportsmanship for which Illini crowds are known.

Besides directing the behavior of students, townspeople, and rivals at athletic contests, cheerleaders announce events in many sports and also train the Sachem Block I cheering section.

## THEN AND NOW

**W**AY back in 1902 the Illinois baseball players invaded the East and were so successful that John T. McCutcheon, famous cartoonist, was inspired to draw the cartoon shown above for the front page of the Chicago Record. The Varsity defeated Princeton, Army, Yale and Pennsylvania and lost to Harvard on the trip. George Huff, now director of athletics, was coach and Carl Lundgren, Illinois' present coach, was captain and leading pitcher, while Garland

"Jake" Stahl, catcher, became manager of the Boston Red Sox, world champions in 1907. Illinois was not so well known educationally or athletically in those days, and the whirlwind visit was a shock to the staid East. The great progress of the University athletic department is strikingly displayed in the picture of Illinois' mammoth Memorial Stadium capable of seating more than 67,500 persons shown below.

## VARSIITY FOOTBALL

**B**OB ZUPPKE'S 1930 Fighting Illini football team dropped from the first division of the Big Ten last fall for the first time in several years and landed in eighth place after a season made brilliant only by the fine spirit of loyalty which existed between the students, the coaches, and the team.

Backed to the wall by decisive defeats from Northwestern, Purdue, and Michigan respectively, Zuppke's warriors won the admiration of the East by their desperate stand against the siege-guns of the Army, swamped Stagg's tottering Maroons in a triumphal return to their own territory, and then in the last battle of the year completely outplayed Ohio State, only to lose the game from within the shadow of the Scarlet and Gray goalposts by the narrow margin of three points.

Faced with the prospects of building a conference machine around the narrow framework of only four returning lettermen, the 'Dutch Master' succeeded in whipping his green sophomore campaigners into a spirited and willing combination, but they never quite had the team power and reserve strength to spike the wheels of the giants in the first division. However they fought every yard of the way—they never failed to try again after a defeat—and they won their share of what is famous at Illinois—Loyalty.

## RESERVE FOOTBALL

**D**RIVING towards a second successive Big Ten Reserve football championship, Illinois' Orange and Blue Seconds barely failed to bring home the title and closed the season tied for second place with three victories, two ties, and one defeat. Coached by "Weenie" Wilson and "Johnny" Sabo, the Reserve Squad not only enjoyed a good season, but brought into competition a great number of men who will profit by their experience on the Varsity next fall.

Traveling to Miami University at Oxford, Ohio, the Reserves opened the season with a 6 to 6 tie, Sutton's pass to Bennett giving Illinois its only score early in the game. Invading Indiana's camp for the second game the Seconds came away with a 12 to 7 victory, Sutton again tossing

a pass, this time to Irwin, for the winning touchdown. Munch and Wiegand gained sensationally against the Hoosier aggregation.

Illinois next received Michigan in Memorial Stadium and sent the Wolverines back to Ann Arbor on the small end of a 7 to 0 count. Etnyre uncorked a pass to "Pee Wee" Perrine for the lone tally. Wisconsin followed Michigan into the Illini camp and gave the Sabo-Wilson aggregation a sound drubbing, 24 to 0. The Badger backs ripped their way through the Illini "B" team with little trouble and slipped over four touchdowns before they were stopped. De Paul held the Illini down to a 7 to 7 tie, but Perrine tossed a pass to Waser to beat Ohio State "B" team, 6 to 2, in the final game of the season.

## FRESHMAN FOOTBALL

ILLINOIS stands out in the Middle West as the creator of what has been termed the most successful freshman football system in practice today among the nation's colleges and universities. Every freshman, regardless of his size, experience, or ability, gets an opportunity to demonstrate what he can do, and if he is unable to make the freshman varsity squad he is placed where he can develop until the time is at hand for him to move up to a higher team.

Each September more than 200 candidates report to the freshman head coach. They are divided into two sections after a week's trial. The first section becomes the freshman varsity and is composed of 40 men, while the second section becomes the freshman junior league and is made up of the remaining men who were unable to meet the demands of the first section. Not a man is dropped from the roster.

The freshman varsity scrimmages against the Illinois Varsity during the football season using plays of various Big Ten teams that engage the Varsity later in the year. The players in the freshman junior league are separated into teams and play against each other on a definite playing schedule. When a player proves that he is ready to move up to the Varsity, he is promoted at once by the plebe coaching staff.

Coach Carl Voyles has successfully directed the freshman varsity for several years, but his position has been taken by "Weenie" Wilson, former Reserve coach. Voyles is leaving Illinois for Duke University, Durham, N. C. M. H. Sogolow directs the junior league with the help of a dozen assistant student coaches, while Arnold von Lehsten and "Bill" McClure, both graduates of the University, are assistant freshman varsity coaches.

## FOOTBALL MANAGERS

**S**TUDENT managers, elected by the University athletic council, supervise the management of all Varsity sports listed on the University calendar. A senior manager, two juniors, and a staff of sophomore assistants handle the training equipment, transportation problems, and hotel reservations of the Varsity football squad. During the year football managers handle more than 300 men making up the Varsity, freshman, and junior league squads. The senior manager accompanies the Varsity team on all of its playing trips, the high spot of the last season being the journey to New York for the Army game. Junior managers are elected by competition after a year's trial experience as a member of the sophomore staff, and the senior manager is chosen from the two juniors. By this system Director of Athletics George Huff has developed the Illini athletic manager until he is a capable executive, fully able to direct the business activities of Illinois athletic teams.

## IOWA STATE - BUTLER

**I**LLINOIS inaugurated the 1930 football season by trimming Iowa State, 7 to 0, in Memorial Stadium, after the Cyclones had held the former Big Ten leaders scoreless during the first half. Pete Yanuskus plunged across the Iowa State line in the third quarter after Schultz and Berry had placed the ball on the seven-yard marker. Berry kicked for the extra point.

Whipped into far better shape, the Illini celebrated their final preparation for the conference season the following Saturday by pounding Butler for a crushing 27 to 0 victory. With Gil Berry and Pete Yanuskus behind the guns, the Zupmen hit their early season stride in rapid firing order and walked away with the score, making 19 first downs to Butler's four.

## NORTHWESTERN

**N**ORTHWESTERN, thundering towards a Big Ten championship, handed Illinois the worst defeat in the last two decades, 32 to 0, before 50,000 Homecoming fans in the first conference game on the Illini schedule. Hammering at the

Illini line and taking to the air with well-planned precision, the Wildcats whirled away to four touchdowns in the last 30 minutes of play after leading at the half, 7 to 0. Rentner, sophomore fullback, was the star for the winners, taking one of Stan Bodman's kicks and running it back 97 yards

through the entire Illinois team. The two elevens were practically on a par as far as the statistics went, with Illinois leading in the first downs, gaining eleven to their rivals' nine. During the second half the followers of Northwestern did most of the yelling. Time and time again the Illini took the ball to the shadows of the Wildcats' goal only to lose it on downs. The green Illinois team showed spirit equal to their rivals, but because of inexperience they could not combat the Purple team in the finer points of the game, and it was this that turned the victory into a stampede.

## MICHIGAN

**I**LLINOIS lowered the Orange and Blue to Michigan the next Saturday, 7 to 15, when the Wolverines took advantage of a series of telling fumbles and the Illini threw away several opportunities to even the score or win the game. The Wolves scored and counted for a field goal in the first period on a pass and another touchdown via the aerial route in the second half. Illinois' passing attack was not effective and Michigan intercepted five of these to place them in good positions to score. Gil Berry, Illini quarter back, brought the stands to their feet

in the middle of the third quarter when he took a punt on his own 40-yard line and zigzagged his way through the entire Maize and Blue team for a touchdown. Yanuskus kicked goal. After this it looked as if the Illini had hit their stride. Berry made several short gains and once got away for 20 yards before being pushed offside by the Wolves' safety man. With the score 9 to 7 the Orange and Blue team took the ball into the Maize territory, only to fumble and lose it. Both teams fought on a par until Michigan broke away for another touchdown.

## PURDUE

**P**URDUE'S Boilermakers, 1929 champions of the Western Conference, hammered out their first triumph over an Illinoi team in 25 years, Dad's Day, 25 to 0. Noble Kizer's Old Gold brigade hit its winning stride without trouble early in the battle and repeatedly forced Illinoi back on its heels. The Purdue ball-carriers, following perfect interference, charged into the frail Illini forward-wall at will. Eddie Risk, Kizer's one-man attack, drove through holes for two touchdowns himself and placed the ball on the one-yard line for

Jensen, Guard

White to take command for the third tally. Chasey provided the final score. Don Munch, Illini quarterback, opened up a sparkling aerial attack in the second quarter and in three successful passes carried the ball down to the Boilermaker 12-yard line. The Illini warriors apparently spent their power in the drive, however, and were unable to advance nearer to the Purdue goal line. Gil Berry again provided the one bright spot in the game from the Illini standpoint by scooping up his own fumble on the goal line in the second half and racing to the 50-yard mark before being downed.

## ARMY

**A**RMY'S shock troops defeated Illinois, 13 to 0, November 9 in the Yankee Stadium before 75,000 spectators after the light Orange and Blue eleven had held the Soldiers scoreless through a brilliant first half. Zup's warriors amazed the East by battling the favored cadets on even terms and at times driving them back on their heels with spurts of aggressiveness through the first two quarters. Stan Bodman figured spectacularly by out-kicking the Army punter and keeping the Soldiers at bay with his long punts into the enemy territory. Smart-

Hall, Halfback

ing from the 17 to 7 lashing of the previous year, Major Sasse turned his siege-guns loose in the second half and watched them drive their way to the Illini last line of defense twice before the final whistle. Carey Stecker, Army's 1930 Paul Revere, provided the punch for the Soldier attack and flanked Illinois' left end for the first tally in the third quarter. Chuck Hall, Illini halfback, brought the crowd to its feet by placing a sizzling 35-yard pass into the hands of Winsper late in the game only to have it ruled out of bounds. Army won the game, but Illinois won the crowd.

## CHICAGO

**I**LLINOIS plunged and passed its way to its first conference victory the following Saturday by conquering Chicago, 28 to 0, at Stagg field before a crowd that was startled at the unexpected power and team work shown by the Illini. The Zupmen gained 18 first downs, connected on nine out of the first ten passes for a total gain of 94 yards, and paralyzed Stagg's flanker attack with a sturdy defense. "Shotgun" Schultz scored the first two touchdowns. Root made the third tally, and Gil Berry crossed the Maroon goal line for the final touchdown. Don Munch and Pete Yanuskus figured in the ball carrying for the Illini backfield, while Bodman and Hills in the line provided their share in opening holes and stopping charging Maroon ball carriers. The aerial attack functioned well, passes figuring in each of the four touchdowns, and all in all the Varsity made up for what it had failed to do earlier in the season. Heretofore the Indians had displayed superb ball playing in all the games, but only for one or two periods. In every period they out-played Chicago and operated like a smooth running machine in doing so.

## OHIO STATE

**T**HE "Fighting Illini" came within an ace of staging a sensational comeback in the last game of the year, but were forced to accept an adverse 12 to 9 count from Ohio State in the Stadium before a cheering crowd. Zuppke's warriors were masters of the Scarlet and Gray throughout the game, making ten first downs to the Buckeyes' six, completing eight passes to the Buckeyes' five, and gaining 66 yards through the line to 13 for the Ohio aggregation. Ohio State made both of its touchdowns in the first quarter. Illinois launched a smashing at-

tack in the second period with Schultz carrying the ball from the 45-yard line to within striking distance of the Scarlet and Gray line. Berry passed to Pete Yanuskus for a touchdown. Yanuskus kicked the goal. Ovelmen blocked a kick on the Ohio State goal line a few minutes later for a safety, and the half ended with the score 12 to 9 in favor of the Buckeyes. ## VARSIITY BASKETBALL

**A** ROUSING comeback after a poor start marked the 1930-31 season for Coach Craig Ruby's promising basketball aggregation. A wealth of sophomore talent and veteran experience promised a successful title race for the Illini, but an early season jinx accounted for five straight defeats in the conference, which ruined all hopes of top-ranking honors.

Dropping five successive combats landed the Illini in the conference cellar, and their reaction was startling. As soon as the lid was lifted on the second semester schedule they hit their stride and began to win games and continued to win games until the season ended, when they found themselves in fifth place in the conference standing, and boasting of an undefeated hold on the mythical second semester title. Included in their comeback sweep were the rampant Wildcats, who suffered their only defeat of the season at the hands of the re-inspired Illini.

Building his team around Captain Bur Harper, all-conference forward from last season, and with the Kamp cousins, Red Bartholomew, and George Fencil adding their experience gained in one season's play, Coach Ruby faced the opening of the season with the best material he has gathered together in many years. A host of sophomore talent was battling with the veterans for berths, and a successful season was predicted by all.

The championship calibre so outstanding in the pre-season games suddenly dimmed at the outset of the conference race, as the Illini lost to all they met, dropping games by heartbreaking margins of one point, or one basket. It was the beginning of the second sweep about the circuit when the basketballers hit their stride, and vengeance was eked out upon every foe they met, as they played through the remainder of the season with winning recklessness that could not be stopped.

**T**HE Illini opened their season with a 27 to 15 victory over De Pauw, with Captain Harper and the veteran Bartholomew accounting for the majority of the points. Carleton College was next to fall, suffering a 23 to 11 setback in a slow and awkward game. Harper again led the final spurt with four field goals. Coach Ruby's machine improved as the season progressed and the Illini steam-rolled over Miami to a decisive 40 to 17 victory. Harper and Fencl led the basket tossing. Three days later Wabash faced Ruby's men and were handed a 28 to 13 defeat in a slow and cautiously played game. In the last practice tilt of the year Illinois found it difficult to maneuver through the tight defense of Bradley's five, and barely eked out an 18 to 17 victory.

The Big Ten season opened with a deliberate, slow-break game with Wisconsin, the Illini losing, 12 to 9. Scoring was difficult as both teams stressed defensive play, the score at half time standing 5 to 1 in favor of the Badgers. Beaten in their first conference attempt, Illinois journeyed over to LaFayette and suffered another setback, this time facing a new and fast type of play. The champs of the previous season played like champions

and toyed with the Illini, finally chalking up a 30 to 15 Purdue victory. Three days later, in their own gym the Illini faced the Wildcats from Northwestern in what proved to be the most sensational game of the season. The Wildcats began their title-winning march by staving off a desperate second-half rush by the Illini and won by one basket, 29 to 27. Losing by 19 to 4 at the half, Captain Harper and his teammates came back in the final period with an inspired and reckless brand of ball and battled to within one basket of victory. Rough play characterized the final rush, with the Illini playing like ball hawks.

Still aiming at their first victory, the Illini lost another heart-breaking tilt, this time to Indiana by a score of 35 to 34. The Hoosiers' long range shots dropped in with regularity, while the Illini missed shot after shot at the opposing goal. In the last game of the first semester, Illinois traveled to Wisconsin hoping to avenge themselves for the initial defeat the Badgers handed them, but were again set back, 30 to 20. The game was hard fought, with the lead shifting back and forth. It was only the crumbling of the Illinois' defense before a last minute Badger rally that accounted for the defeat.

## VARSDITY BASKETBALL

With school resumed in the second semester, Illinois started on their victory march by taking a return triumph over Purdue, 26 to 22. The sophomore duo that were to account for future victories had their first field day, Bennett and Owen romping through the title-holder's defense for five and four baskets respectively. Four days later, Illinois climbed out of the conference cellar, pushing Iowa down to the bottom with a 26 to 23 triumph. The reckless and dashing offense of the sophomores accounted for the early lead which was protected throughout the game.

Undefeated league-leaders failed to awe the victory-hungry Illini, and the Northwestern Wildcats were handed their first and only defeat of the season when Ruby's five romped into a lead which they held to the final gun, when the score read 35 to 28. The Kamp cousins had their try

at scoring honors, with Babe accounting for six baskets and Bob counting three. Owen made the high-scoring Wilcat forwards highly ineffective with his close guarding.

The Orange and Blue basketekers were clicking off victories with regularity now, and Chicago was next made the victim of a 45 to 22 runaway. The close-guarding Maroons failed to baffle the Illini and all shots seemed to hit the basket. Harper accounted for 14 points and Bennett continued in stride to chalk up four field goals. Indiana was next made to suffer for their one point victory earlier in the season, when Illinois walked off with a 39 to 25 decision. The Illini controlled the ball at all times and never were in danger. The victory moved the Rubymen out of the second division of the conference and into fifth place.

Iowa began their game as if they were to stop Illinois' victory march, taking an early lead, but the Illini offense finally got under way and piled up a 31 to 13 victory. The play was ragged and clumsy with numerous fouls on both sides. The seventh consecutive victory and the final game of the season was against Chicago.

dant as the Orange and Blue basketekers played their ball-hawking game with purposeful abandon. Owen guarded the home basket with sheer bulk and dangerous skill, while Bennett took care of the up-floor attack with his under the basket play, tipping in rebounds and passing out to waiting forwards.

Captain Harper played through the entire season with his characteristic floor-poise and generalship. During the early season lethargy, he was always poking away at the basket, leading the five in scoring honors time and time again. In the final half of the schedule he was working better, with the entire quintet working with him, and he fitted his usual smoothness with the aggressiveness and attack of the rest of his team, handling the ball coolly and skillfully, while his mates worked into the enemy defense for scoring positions. Illini teams have piled up more impressive totals in the won and lost columns in the past, but the success of this year's quintet during the second semester marks it as one of the finest in the history of the University.

Illinois showed themselves to be the second-semester champs by easing through to a 36 to 30 triumph. Bennett led the attack, scoring four field goals each half, while Babe Kamp piled up four.

The sophomore aggressiveness and inspired playing accounted for the mid-season rally of the varsity quintet, and brought them up with a jerk out of their stumbling start, to bring them to the close of the season with a lengthy unbroken winning streak. With Bennett and Owen taking the lead in most of the winning rallies, Harper, Bartholomew and the Kamp cousins found it easy to swing into their strides, and the Ruby machine finally found itself clicking with regularity as it swept through the second-semester swing of the conference.

Aggressiveness and the far-famed Illini Fight figured extensively in all the contests won in the conquest.

ILLINOIS' outdoor and indoor track teams placed second in the Big Ten tournaments held May 23-24, 1930, at Evanston, and March 6-7, 1931, at Madison, respectively. Michigan broke Illinois' three-year reign of the outdoor cindermen at Evanston and defeated the Illini indoor thinclads at Madison for the indoor title. Michigan and Illinois are now tied at eleven victories each for the all-time outdoor track crown.

Capt. Verne McDermont of the Illinois outdoor team was responsible for one of the new field marks established at the outdoor meet when he cleared the bar in the pole vault at 13 feet 10 $\frac{3}{4}$  inches, the highest bar that he has ever cleared. Lee Sentman captured first place in both the 120 high and 220 low hurdles, while Rodgers finished fifth and fourth respectively in the same races. Useman placed third in the 100 and 220 yard dashes, Makeever placed second in the one-mile run, and Miller tied for second in the running high jump, while Chambers placed third in the javelin throw.

The Varsity outdoor and indoor dual meet teams each closed their seasons with a .500 per cent average, each having won one and lost one of the two meets on their schedules. Chick Werner's wandering trackmen wrecked havoc with other teams and meet records on their tours to the Texas, Southern Methodist, Kansas, Drake, and Ohio State relays. Sentman either won, set records, or helped set records in every tourney against the finest competition from colleges and universities scattered all over the country. The half-mile quartet of Useman, Cave, Dickinson and Paterson, and the shuttle relay team composed of Etnyre, Rodgers, Gage, and Sentman left a trail of defeated foursomes behind them, while McDermont, Chambers, Carr and Miller rated among Werner's most dependable point gatherers.

## TRACK MANAGERS

**T**HE track manager's working year is divided into four distinct periods beginning with cross country in the fall, continuing with basketball and indoor track in the winter, and terminating with outdoor track in the spring. At the end of the cross country season the junior and sophomore track managers are drafted over to basketball until the indoor season opens.

Sophomore managers handle the physical work such as setting up hurdles, raking the pits, and taking care of equipment, while the juniors direct the sophomores, time the tryouts, and direct the running off of the home meets. The senior manager oversees all of the track managerial work and accompanies the various relay and track teams on all of the trips during the year.

The track manager's year climaxes with the last big event of the year, Interscholastics. Shortly after Interscholastics the junior and senior managers for the following year are selected by the University athletic council, and these men issue a call for next year's sophomores who handle the work for the balance of the season, thereby gaining the necessary experience to begin work the following semester without any further delay.

## OUTDOOR TRACK

**C**HICK WERNER'S Illinois track team retaliated for an earlier indoor defeat by Notre Dame by defeating the Irish trackmen, 68 to 58, May 7, 1930, in Memorial Stadium. Dave Wanger assured the Illini the meet when he won the running broad jump after the Irish had battled on even terms throughout the meet. Cave and Sentman equalled Illinois' records in the 100-yard dash and the 120 high hurdles respectively in the times of :09.8 and :14.6. Makeever won the mile with a strong spurt down the home stretch.

Michigan defeated Illinois, 74 to 61, May 9 at Ann Arbor in the second dual meet of the outdoor season for the first time in three years of Illini-Wolverine competition. Illinois swept the places in three events, the high and low hurdles and the high jump, but lost the 440-yard dash. McDermont cleared 13 feet 5½ inches in the pole vault for a first and a new Ferry Field record. Sentman won both high and low hurdles, tied for third place in the high jump and second place in the broad jump. Evans and Makeever won the half-mile and the mile respectively, but Tolan, Michigan star, won both the 100 and 220.

## VARSIITY RELAYS

ILLINOIS triumphantly opened the outdoor track season when the Illini quarter-mile foursome, the Illini shuttle relay team, and Lee Sentman took first places at the Texas relays, March 28, 1930. Useman, Sentman, Cave and Paterson succeeded in defending their title set in 1929 by capturing the relays in :42.3, while Sentman took the high hurdles in :15.2.

The following day "Chick" Werner's victorious Illini played the leading role in the Southern Methodist relays by breaking two records, the 880 sprint team and Sentman establishing the new marks. The half-mile quartet of Useman, Dickinson, Cave, and Paterson raced away from the field to win in 1:23.1, while Sentman set a new mark in the 220-yard low hurdles of :23.4.

The Kansas relays on April 19 saw the Illini 440-yard team clip one-half second off of the intercollegiate record and equal the world record with Useman, Cave, Dickinson and Paterson performing like a well-oiled machine. Sentman won the high hurdles in :14.6 for a new meet record. McDermont tied for second in the pole vault, while Carr tied for third in the high jump.

## VARSIITY RELAYS

ILLINOIS was again the leading scorer in the twenty-first annual Drake relays with the two sprint teams winning first places, the 480 yard shuttle high hurdle team coming in for a first, and Sentman winning all high trophy records. Sentman set or helped set records in each of the three events that he entered: the high hurdles, the 440 yard relay, and the shuttle relay, giving the Illini three of the records Miller tied for fifth in the high jump. The one and two-mile teams established. Chambers placed fourth in the javelin while Carr and suffered reverses, the former making its debut on the week-end of the most outstanding performances in that event for the year.

An Illinois sun shone on the Ohio relays. The Illini shuttle hurdle quartet, the half-mile sprint team, and Lee Sentman captured first places at Columbus, while Capt. McDermont, Rodgers, Carr, Miller and the 440-yard dash foursome were second place winners. Sentman, by covering the 120 high hurdle route in :14.8 seconds, set a new meet record and maintained his undefeated season record. The shuttle team composed of Etnyre, Gage, Rodgers, and Sentman missed tying the world record by one-tenth of a second, winning in 1:01.9.

## INDOOR TRACK

**L**ED by Lee Sentman and Verne McDermont, who established new records in the high hurdles and pole vault respectively, Illinois' indoor track squad placed second in the Big Ten meet held March 6-7 at Madison. Sentman set his new mark in the first semi-finals of the hurdles when he clipped one-tenth of a second from the record made by Chick Werner in 1926 with a new time of :07.4.

McDermont vaulted 13 feet 9 $\frac{1}{4}$  inches to a new American record in the pole vault, bettering his previous American record set a week before by almost an inch. Barron, Evans, Purma and a relay team composed of Hollingsworth, Dickinson, Bertelsman and Hampton scored the other points for the Orange and Blue.

Barron, who leaped 6 feet 2 inches in the high jump to make his best height, placed third, while Evans finished strong in the mile run to win a third place. Purma placed fourth in the shot put with a distance of 44 feet 5 $\frac{1}{2}$  inches, his best toss being below that of those in earlier meets. Woolsey failed to score for the Illini after a collision with Wolfe of Michigan and Witte, although qualifying for the finals, failed to place in the 60-yard dash after a close finish.

## INDOOR TRACK

**I**LLINOIS' indoor track team opened its dual meet season February 21 in the Armory with a 51 to 44 victory over Notre Dame after the Irish had smashed the majority of the Illini indoor records to splinters in their determined fight for the meet.

Woolsey, winning the mile, clipped four-tenths of a second off of the time set by Stine in 1929 when he crossed the line in 4:22.8 for a new Illinois record. Sentman won the 75 yard hurdles in :09.4 and took the broad jump with 23 feet 5½ inches, while McDermont captured the pole vault with 13 feet 4 inches, and Purma won the shot put with 45 feet 1 inch.

Verne McDermont set a new American indoor pole vault record as the Illini trackmen lost the second meet of the season, 53 to 51, to Ohio State February 28 in the Armory. McDermont soared 13 feet 8¾ inches for the new mark, bettering the previous record held by Warne of Northwestern by ¾ of an inch. A defeat in the mile relay, with the Illini in the lead 51 to 48, decided the count after Sentman had dropped the low and high hurdles and the Orange and Blue 440-yard team had trailed the Buckeyes to the line. Bloor of Ohio State lowered two Armory records when he won the quarter mile in :50.4 and came back a short time later to win the half mile in 1:56.8.

**C**OACH Harry Gill's Varsity cross country squad placed third in the Big Ten harrier meet November 23 at Champaign to rank in the first division of the conference. The Illini jumped from ninth place in 1929 to dispute the conference leadership with Indiana's runners who finished first, and Wisconsin's hill-and-dale men who finished second, only three points ahead of the Gillmen.

The Varsity harriers opened the season October 25 at Evanston by taking second place in a quadrangular meet with Wisconsin, Northwestern and Notre Dame. Capt. Paul Evans led the Illini and came home third with Petefish, Roberts, and Gould in ninth, tenth, and eleventh place respectively. Line broke the tape in fourteenth place with five Illini stretched out behind him in the following order; Woolsey, Reasoner, Carlock, Fuermann and Tockstein.

For the first time in three years Illinois won the triangular race with Ohio State and Michigan, November 9, with a low total of 24 points

against 50 for Ohio State and 53 for Michigan. Gould came in second with Evans third and Woolsey and Petefish in fifth and sixth place. Reasoner and Line were eighth and eleventh to complete the Illini roster.

The Illini closed the season with a victory over Chicago the following Saturday by defeating the Maroons, 20 to 39, over their own five mile rolling route. Capt. Evans finished second with Gould, Woolsey, Reasoner, Petefish and Line behind him in the order named with plenty of daylight between them and the lagging Maroons.

A WORLD'S record, an American record, and six Carnival records fell by the wayside March 14 in the Armory when more than 700 athletes representing 54 colleges and universities assaulted existing track and field marks in the fourteenth annual Illinois Indoor Relay Carnival.

Chief among the day's record breaking performers was Lee Sentman, versatile Illini athlete, who not only broke his own world's record in the 75-yard high hurdles, but came back later to tie the best time that has ever been made in the 75-yard low hurdles. Assaulting his own record that he made in the 1930 Carnival, Sentman flashed over the tall timbers in :09 flat for the new mark, his 1930 time being :09.2. He covered the low hurdles in :08 to tie the record set by C. Johnson of Michigan in 1920. McDermont established a new Carnival record when he stretched the previous

mark from 13 feet 7 $\frac{3}{4}$  inches to 13 feet 8 $\frac{1}{4}$  inches.

Barney Berlinger, University of Pennsylvania athlete, won the all-around event for the third consecutive year by accumulating 5,911.5 points. Coffman of Kansas was second with 5,723. Lovshin of Wisconsin was third with 5,169 and Parker of Lake Forest was fourth. Coffman's late rally brought him within less than 200 points of the winner, a much closer second than last year.

New Carnival records were established by the University of Chicago medley relay team in 10:27.7, by the Wichita College medley relay team in 10:35.2, by Nebraska's shuttle relay team in :40.5, by Kansas State Teachers' two-mile relay in 8:00.3, by Ohio State's university two-mile relay in 7:53.5, and by Raymond Swartz in the 1,500 meter race in 4:00.1.

## VARSDITY BASEBALL

**W**INNING eight games and losing but two, Illinois finished second in the 1930 Big Ten baseball race after a successful invasion of the South and a thrilling season around the conference circuit under the direction of Coach Carl L. Lundgren. Wisconsin, champions of the conference, maintained the usual Illini-Badger jinx and handed the Indians their only conference defeats, 3 to 0, and 4 to 3.

The Varsity opened the playing season by hammering Bradley's pitchers, 6 to 1, on Illinois Field for the first victory, but failed to make good in the next game and lost to Wisconsin, 3 to 4. The Lundymen hit their stride in the third game by trouncing Northwestern, 14 to 0, and continued their winning ways by defeating Purdue, Ohio State, and Michigan in short order, only to be stopped by Wisconsin again.

Starting on another winning spree, the Illini hit Chicago for a sparkling 10 to 0 victory and weren't stopped until they had defeated Notre Dame, Michigan, Northwestern, and Ohio State in the order named and had closed the season. The Reserve baseball team experienced a highly successful season in 1930 by winning five of the six games on the schedule. Bradley defeated the Reserves, 3 to 2, in the second game of the year after the Illini had knocked out a 9 to 5 victory over the Peorians in the opening game. The Illini eked out a slim 4 to 3 win over Indiana State Teachers in the twelfth inning of the tightest game of the season. The Varsity came home from the Southern Trip with a record of six games won and two lost making a percentage of .750.

## BASEBALL MANAGERS

**B**ASEBALL managers commence their work as sophomore managers in the spring of their freshman year following the annual Interscholastic week-end in May. Junior and senior managers are selected by the Athletic Board of Control after one and two years' work respectively about the same time of the year.

Baseball managers, unlike managers of other Varsity sports, work throughout the year. Fall baseball practice occupies their time at the beginning of the fall semester, and they usher at the conference football games later in the term. During a part of the basketball season the diamond managers take charge of part of the work at the cage games until the regular basketball managers take charge.

The first few weeks of the second semester finds the baseball executives in the Armory and the Varsity and freshman baseball nines as they drill through their indoor season under the giant nets. When the spring season starts, they go out to Illinois Field with the teams and stay with them until the end of the school year. The senior manager makes the annual Southern trip and accompanies the nine on all of its away-from-home games during the season.

## SOUTHERN TRIP

**C**LIMAXING weeks of labor in the Armory and on Illinois Field in search of a pitching staff and an outfield, Coach Lundgren loaded sixteen of his best prospects on the pullmans and invaded the Southland April 12. Capt. Jimmy Lympelopoulos, Don Brown, and Phil Engvall were back in the infield and Ted Witte was again roaming in the outfield, but six sophomore pitchers was the best Lundy could muster for mound duty.

The Illini opened the Southern trip in impressive fashion by defeating Mississippi A. & M. three times in a row, 9 to 0, 7 to 1, and 9 to 1. Hazzard, Mills, and Bartulis did the twirling, and Ted Witte bagged his first home run of the season in the second game. Hazzard eked out a 5 to 4 victory against stiffer opposition from Alabama in the first of a two-game series. Hard hitting and a home run by George Mills turned the second game into a hilarious 15 to 4 Illini victory.

Labahn and Wiese made their debut in the next game with Georgia Tech. The game was called in the fifth inning on account of rain with the Illini in the lead, 4 to 3. Georgia Tech came back to whip the Lundymen, 9 to 8, the next day with Bartulis, Friend, Mills, and Wiese trying to stop the Dixie aggregation. Kentucky duplicated Tech's performance by scraping out a 2 to 1 win with only four hits against eight for the Varsity in the last game of the trip. The Varsity came home with six games won, two lost, and a .750 average, and with Hazzard and Mills heading the pitching staff with two victories apiece.

## VARSIITY BASEBALL

**H**AMMERED into shape by its conquest of the Southland, Illinois opened the playing season by trimming Bradley, 6 to 1, on Illinois Field, but failed to raise any popular enthusiasm as to heavy hitting, chalking up but four scattered hits. Wisconsin, maintaining the traditional Illini-Badger jinx, dampened the Illini's spirits two days later by handing the Lundymen a 4 to 3 defeat, and it wasn't until the next game that the Illini redeemed themselves by pounding out a 14 to 0 decision over Northwestern with Hazzard pitching a superb game.

Purdue next felt the wrath of the Indians, succumbing 12 to 1, and a ninth inning rally accounted for their third

conference victory, Ohio State lowering its colors, 5 to 4. With three wins tucked away, the Varsity journeyed to Ann Arbor and whipped the Wolverines, 11 to 3. Brown bagged two homers while Mills, the winning twirler, slugged out a homer, a triple, and a single. Illinois bagged 15 hits, while Michigan connected for 11 safe blows off of Mills and Hazzard. Invading Wisconsin's camping ground, the Lundymen again met defeat, the Badgers coming out on the long end of a 3 to 0 shut-out. Hazzard managed to hold the rampant Reds down to seven hits, while his teammates made four and watched Badger double plays rob them of all chances to score.

## VARSIITY BASEBALL

**R**ETURNING to their home grounds, the Illini humiliated Chicago, 10 to 0, as revenge for their defeat by Wisconsin. Mills breezed along until the eighth, allowing but two hits to the Maroons, and then Wiese took a turn on the mound and yielded one blow.

Notre Dame invaded Illinois Field as Interscholastic Day opposition and turned the tables on the Illini by winning, 7 to 5, with a six run cyclone in the seventh inning. Wiese, who had allowed but four hits until the seventh, was driven from the mound, and Labahn and Friend finished the twirling for the afternoon.

Anxious to make amends before their Interscholastic visitors, the Varsity triumphed over Michigan's contenders for the second time of the season, this time

Mills, Pitcher

sending them home on the small end of the bag with the score 5 to 2. Hazzard and Mills divided the pitching duties of the game, which was played in and all-afternoon rain. Williams, Lymperopoulos, and Brown lead the Illini batting attack.

Traveling to Northwestern, Illinois battered the Purple pitchers for 19 solid base hits and managed to pile up 10 runs in the last three innings to come from behind and win, 14 to 4. The fielding efforts of Lymperopoulos and Eddie Tryban held the Wildcat score down. Another last minute rally enabled the Illini to finish the season with a victory when they pounded out five runs in the eleventh inning at Ohio State to win their final game, 12 to 7.

## VARSITY WRESTLING

HAROLD E. KENNEY  
Coach

**A**LTHOUGH Illinois' wrestlers failed to annex the Big Ten crown for 1931, Coach H. E. Kenney directed them through an undefeated dual meet season, guided them to a western division championship, and coached two of them to individual titles in the championship meet March 15 in Chicago. Capt. Dooley and Bob Emmons acquired individual titles while Shultz and Salomone brought back a second and third place respectively in the conference tourney.

Coach Kenney sent a revised edition of Illinois wrestlers against Minnesota, February 15 in the New Gym, and watched them open the conference season in impressive fashion by smothering the Gophers, 25 to 3. The Illini won seven out of the eight matches and had little trouble with their opponents who presented a willing, but talent-lacking performance.

Dooley, celebrating his first appearance as captain, and Trowbridge easily won their matches to swell the Illini total with the only five point victories on the card.

The varsity 1930 champions forged their way a step closer to a second championship February 22 by whipping Iowa, 23½ to 4½ before a crowd of 2,500 fans gathered in the New Gym. One fall, a default, a draw, and four decisions gave the Illini their second conference triumph. Ambler won the only fall of the meet, while Hewitt won on a default and Puerta, Dooley, Emmons, and Gradman won on time advantages. Trowbridge fought a draw and Schultz lost, in the most colorful, if not scientific duel on the program.

The victorious Illini annexed the championship of the Big Ten western division March 1 by trouncing the Chicago matmen, 20 to 6, in Chicago. The Illini again had little trouble in the light weights and lost only two matches in the heavyweight divisions. Puerta opened the meet by pinning his Maroon opponent for the only fall of the meet. Dooley, Emmons, Trowbridge, Hewitt and Ambler won their matches while Schultz and Gradman lost. Indiana defeated the Illini, 15 to 9, for the Big Ten crown in the sectional meet March 7 in the New Gym.

## **VARSITY SOCCER**

THE Illinois Varsity soccer eleven won the intercollegiate championship of the Middle West last fall for the second consecutive time, Coach Hartley Price directing his scrapping booters through a highly commendable season with four victories, one tie, and no defeats.

The Orange and Blue soccermen knocked the lid off their 1930 playing season November 2 on the New Gym field by trimming the Decatur soccer eleven, 6 to 0, before an appreciative crowd of Illini fans. Piano, inside right, opened up the Illini scoring within the first four minutes of play with a neat goal. "Scotty" Reston led the Illinois attack throughout the remainder of the game with three goals to his credit.

HARTLEY D. PRICE

Traveling to Ohio State the following Saturday, Coach Price's hard-playing Illini firmly established themselves as hardy contenders for the Middle Western title by decisively whipping the Buckeyes, 3 to 0, for their second victory of the year. Capt. Young, Hult, and Contratto distinguished themselves by putting up a brilliant defensive game and holding the Scarlet and Gray team in their own territory. Ader contributed two of the Illinois goals while Reston maintained his usual clip by counting for a tally late in the fray.

A fighting Oberlin College eleven halted the rampage of the Illini by fighting Price's cohorts to a 2 to 2 standstill in the fourth game of the season, two exciting overtime periods failing to break the deadlock. The Varsity came back a few days later, however, to conquer a re-inspired Decatur club, 2 to 1, at Decatur in one of the hardest fought battles on the schedule, before a crowd of 750 persons.

With three victories under their belts, the Illini practically cinched the title by giving Ohio State a second drubbing of the season, 5 to 1, in the last game of the year. Contratto wound up the season in brilliant fashion by making two scores, Reston added considerable weight to his season record by also counting for two goals, and Hult finished up the count with the last tally.

## Varsity Water Polo

Illinois about to make a goal

ILLINOIS' 1931 Varsity water polo seven won the championship of the Western Conference for the third time in the last four years, March 8, by defeating Chicago, 8 to 7, in the last game of the season. Overcoming a 4 to 1 lead that the Maroons held in the first half, the Illini water poloists came back in the second half to tie the score 7-all and followed through in an exciting overtime period to win by one point and clinch the title.

Wagner, Coach Ed Manley's junior flash, counted for four goals in rapid succession within the last two minutes of play to bring the Illini total from three to seven and tie the count. After a three-minute rest the teams took to the water and Wagner again distinguished himself by slamming the eighth and deciding tally into the Maroon net. Out of the eight goals scored by the Illini he counted for six.

As an aftermath to the Illinois swimming team's victory over Purdue, the Varsity water poloists swam and passed their way to an 8 to 2 victory over the Boilermaker seven for their first conference victory. February 15, Wagner opened up the season in excellent shape by scoring three goals in the first half and one in the second to bring his count up to one-half of the Illini total. Brock, sensational sophomore swimmer, broke into the scoring column by contributing two goals himself.

Smarting from Michigan's overwhelming defeat of the swimming team, February 24, 50 to 25, Manley's poloists squared the account with the Wolverines in the New Gym pool by sending them back to Ann Arbor on the small end of a 6 to 4 count. Wagner again was the offensive power of the Illini team, scoring four of the Varsity's six points, and playing a remarkably brilliant game. J. Williamson and Capt. Hall provided their share of the victory by contributing a goal apiece to bring the score up to six points.

Wagner led the Illini offensive throughout the season and topped the list of scorers in practically every meet, while Williamson, Brock, McMillian, and Capt. Hall were constant scoring threats and capable defenders of the Illini goal at all times. The Chicago victory was the greatest meet of the season as it made up for the 13 to 3 defeat by the Maroons for the conference title last year.

## Varsity Swimming

**B**REAKING even in the dual meet season by winning two out of the four meets on their schedule, Illinois' Varsity swimmers dropped from the first division of the Big Ten in the conference meet at Ann Arbor, March 13, 14, and skidded down to sixth place with only one point keeping them out of the cellar.

Garnering more points than Purdue in all but two events the Illini tankmen opened the 1931 season by downing the Boiler-makers, February 15, 50 to 25, before a crowd of spectators in the New Gym pool. Joe Brock, sophomore star, established new tank records in the 440 and 220-yard free style events and acting Captain Bartholomew broke the 150-yard back stroke tank record with a new mark of 1:48.3.

Michigan conquered Illinois 50 to 25, a week later in the second conference meet of the season to break the Illinois four-year record of being undefeated in a dual meet. Brock again provided the winning power for the Illinois team by winning both the 220 and the 440 events after hard races with the Michigan free stylers and lowering his recently established 440 tank record, 5:30.2 to 5:10.7, coming within seven-tenths of a second of equaling the Western Conference mark.

Corraling seven out of eight possible firsts, Minnesota's tankmen whipped Illinois, 48 to 27, at Minneapolis February 28, to give the Orange and Blue swimmers their second defeat of the week and the season. The Gophers won by inches in the 400 yard relay to begin their scoring and were never headed by the Illini. Brock again came through with an easy win in the 440, but placed second in the 220 due to the mistake of an official in stretching the rope in the wrong place.

Coach Manley turned his natators loose on Chicago in the last meet of the year, March 8, and watched them close the season with a 53 to 22 triumph over the Maroons. Williamson, Brock, Bartholomew, and Moench took first places in their events, and Illinois won the medley relay, giving Chicago wins in only two events, the 400-yard relay and the 100-yard free style dash.

## **VARSITY FENCING**

HERBERT W. CRAIG  
Coach

**C**OACH Herb Craig's Illini fencers swept through to their third consecutive Big Ten championship March 15 in the Old Gym after having fought their way through an undefeated dual meet season. Capt. Siebert, Wheeler, and Schlicher won first places and individual championships in the three weapons, foil, epee, and sabre respectively.

Opening the season at Purdue February 14, Coach Craig's swordsmen made a successful conference debut by trimming the Boilermakers, 9 to 8. Tom Perdue, serving in his first conference meet, was the only Illini to win all of his bouts. Capt. Siebert won two out of three bouts, Friedberg out-pointed the Purdue captain, and Cohen picked up the only Illinois victory in the sabre division.

Michigan invaded the old Gym the next weekend and fell before Illinois' experts, 14 to 3, enabling the Illini

to win their first home appearance and chalk up their second conference victory. Capt. Siebert, Wheeler, Perdue, and Schlicher scored clean sweeps in their bouts while Friedberg, Podlesak, and Cohen lost only one bout each. The sabre division clinched the meet as the Illini won every bout.

The Varsity made it three in a row February 28 by defeating Ohio State at Columbus, 10 to 7, with Capt. Siebert, Wheeler, and Schlicher again capturing all of their bouts. Friedberg won two of his matches, but Perdue failed to function as usual and lost both of his bouts, and Cohen was only able to take one of his bouts. Wheeler performed brilliantly in both of his bouts and Schlicher demonstrated his master sabre ability by winning his matches with ease.

Illinois wound up its conference dual meet schedule March 7 against Chicago in the Old Gym and finished the season undefeated by comfortably downing the Maroon swordsmen, 12 to 5. Friedberg started the meet off with an Illini victory by defeating Walsh, the Maroon captain and star foilsman in a fast and exciting bout. Capt. Siebert and Cooper took the next two matches and Wheeler, again at the peak of his form, won both his bouts, while Schlicher won both of his bouts; Cohen lost both of his, and Perdue split his matches.

## VARSITY GYMNASTICS

**I**LLINOIS placed third in the Western Conference gymnastic race when Chicago and Wisconsin nosed out Coach Hartley Price's charges for first and second places respectively at the championship meet held March 15 in the Old Gym. Capt. Cherry climaxed his varied career for the Orange and Blue by winning the Big Ten tumbling championship, while Kring distinguished himself by pushing the Illini captain hard for second place in the same event. Glasser, Torres, Christian, and Chance placed in various events to keep the Varsity in the first division at the final counting.

Traveling to Minneapolis for the first meet of the season, the Illini edged out the Minnesota turners 963.8 to 909.1 February 14, for the first notch towards a much hoped for conference title. Glasser, crack Illini sophomore, took highest scoring honors with a total of 258 out of a possible 270 points, winning first in individual placings on the sidehorse and parallel bars and second on the rings. Chance in club swinging placed first for Illinois for the only other first place made by the Illini.

Meeting Michigan in the Old Gym the following week-end for the first home exhibition, the Illini scored heavily in every event and amassed a total of 1163.25 points to 844.25 for the Wolverine. With Zitzler, Glasser and Kring showing the way, Illinois romped through the six events taking all first places and allowing Michigan only two places in the entire meet. Zitzler won firsts in the sidehorse and the parallel bars, while Kring took honors in tumbling with one of the neatest performances of the meet.

The Illini contingent of sophomore gymnasts swept on to another Big Ten victory February 27 at Columbus at the expense of Ohio State by gathering 1002.9 points to 941.4 for the Buckeyes. Sharing first places in the six events, Coach Price's turners carried the majority of the seconds and thirds with Glasser holding the high score of the meet with 243.5 points. The Chicago-Illinois meet scheduled for March 7 was called off because of inability of the judges to reach Champaign because of the blizzard that week-end.

## VARSIITY TENNIS

**C**OACH Eddie Shoaff's Varsity tennis team missed the championship of the Big Ten by one point last season when Michigan nosed out Illinois, 5 to 4, in the last meet of the season with the Illini's conference title chances at stake. Four hard-fought victories had placed the Orange and Blue netmen within grasping distance of the coveted title, Chicago, Purdue, Wisconsin, and Ohio State each having fallen before the veterans on Shoaff's squad.

Breaking even in six singles and winning two doubles matches, Illinois barely defeated Chicago's famed racquet-swingers, 5 to 4, on the Illini courts for the first taste of Big Ten victory. Thompson, captain of the 1929 squad, provided the outstanding performance of the day when he fought his way to the top of an uphill singles match and then shared a doubles victory with Traynor.

Stimulated by their opening triumph, the Illini completely overwhelmed Purdue's Boilermakers, 8 to 1, for their second conference win the following Wednesday. Traynor, Thompson, O'Shea, Richter, and McElroy bettered their records by winning their matches in short order while Captain Topper lost. However, Topper came back to win his match in the next conference meet and help his teammates give Wisconsin a sound whipping, 7 to 2, for the third Big Ten win in a row. Traynor, Thompson, and McElroy again figured in the victory, each winning his match.

Ohio State provided the next competition to the Illini. With the Big Ten title around the corner and with but one other team standing in the way, Topper led his men to

a spectacular 8 to 1 victory over the Scarlet and Gray. Michigan decided the question, however, by defeating the Varsity in the final meet and the Shoaffmen had to content themselves with second place. John McElroy, who played a brilliant singles game throughout the season for an unmarred record of wins, and added his skill to a winning doubles combination, was elected captain to lead the tennis squad in their 1931 championship quest.

## VARSITY GOLF

**D**IRECTING the activities of the Illinois Varsity golf team for his second year, Coach John Utley not only guided his Big Ten team to a conference championship, but also led a foursome to the championship in the annual conference tournament at Westmoreland held at the end of the playing season.

Shooting over a well conditioned course, the Illini defeated Ohio State, 12 to 6, at Columbus, April 28, to inaugurate the season and bring into play the untried sophomores on the team. The Varsity swept the lists in four out of the six matches, Alpert and Crowe, a pair of second year men,

assuring themselves of regular berths on the team by winning their initial conference tilts.

Stung by the 1929 defeat by Northwestern, Utley's linksmen trounced the Wildcat golfers, 16 to 2, the following Saturday on the home links in Urbana. Martin and Lyon led the attack with spectacular performances, while Crowe further distinguished himself by winning his second Big Ten match with veteran-like ability. Wisconsin came to Illinois for the third meet on the Illini schedule and went back to Madison on the small end of an overwhelming 17 to 1 victory. Journeying to Lafayette, Utley faced Purdue with Martin, Lyon and Crowe on the sick list and had to be content with the large end of a narrow 10 to 8 count.

Again hitting their early season stride after the crisis at Purdue, the Illini convinced Chicago of their caliber by defeating the Maroons over the Urbana course, 12½ to 5½. Utley took a foursome con-

sisting of Martin, Lyon, Crowe and Alpert to Westmoreland in Chicago for the conference tourney and came back to Urbana with the title. Primed for the Michigan match, the Varsity climaxed the season with a spectacular 14½ to 3½ decision over the Wolverines at Ann Arbor. Martin, individual conference champion, performed brilliantly over the Barton Hills course for exceptionally low scores on both rounds. Fred Lyon was elected 1931 captain.

## WOMAN'S LEAGUE

**W**OMAN'S LEAGUE was organized to further the spirit of unity among all University women. Membership in it is open to every girl registered in the University. At the Woman's League teas, Group Mixers, and All-University Parties, the ties of old friendships are strengthened, and new friendships are made which grow stronger throughout college days. Orange and Blue Feathers and Gold Feathers afford opportunities for the underclassmen to develop executive ability and outstanding qualities. Homecoming, Dad's Day, and Mother's Day are sponsored by the League in cooperation with the Illinois Union. The Big Sister movement, carried on by the Y.W.C.A. and Woman's League, aids the incoming Freshmen in the fall, the Freshmen Education Committee of the League assisting them in their work of self-orientation during the year. The proceeds from the annual production given under the auspices of the Woman's League go to support three cooperative houses for girls working their way through school.

## Y. W. C. A.

*We, the members of the Young Women's Christian Association at the University of Illinois, unite in the desire to realize full and creative life through a growing knowledge of God.*

*We determine to have a part in making this life possible for all people.*

*In this task we seek to understand Jesus and follow Him.*

**T**HROUGH working on common interests based on the above purpose, finer friendships and a greater understanding and appreciation, not only of our own problems, but those of our world neighbors are achieved. Some of the ways of realizing our purpose are through the meetings followed by a social hour every Thursday; the Y. W.-Y. M. parties; and through such committees as the International, Inter-racial, Industrial, Social Service, and Christian Conference. To supplement the work of the committees such projects as the Doll Show, the Annual Stunt Show, the Vocational Guidance Week, and Faculty Forums are held each year.

**T**HE Woman's Athletic Association has made women's athletics one of the foremost activities on the Illinois Campus. University women interested in furthering all forms of athletics and in the promotion of health education comprise the membership of the Association.

This year Deck Tennis and Ping-Pong Tournaments supplement the previously established four sport season year.

The managers of each sport sponsored by the

Association make up the Advisory Board. In addition to sports, W.A.A. sponsors a Play-Day each spring for the four high schools of Champaign and Urbana. The social life of the association is carried on by means of alternating social and business meetings, and by San Souci in the fall, May Fete in the spring, sports banquets at the close of each sport season, and an annual spring banquet at which the major awards are made.

**T**HE highest honor awarded by W.A.A. is the Gold Seal, which is won by only those girls who have earned 2000 points through participation in the various athletics sponsored by the Association during the year. Four girls received the honor this year, Jane Whelan, Arlene Scheidenhelm, Edna Polk, and Jeanne Currie. Arlene Scheidenhelm is the first girl to have won a minor IA in her freshman year, a major IA in her sophomore year and a Gold Seal in her junior year.

To those girls who make 1200 points during the year, W.A.A. awards the major IA, and to those who earn 600 points it awards the minor IA.

**T**ERRAPIN CLUB is the honorary swimming organization for women. Its purpose is to promote interest in swimming among university women. To become a member, a girl must pass certain required tests.

This year Terrapin has made a new addition to the club, a group of girls called Terrapin Novices. The tests for entrance into this group are less rigid, and these girls will be assisted by Terrapin members so that they may soon become active members of Terrapin.

**T**HE Illini Board of Control, established in 1908, is composed of four faculty members and four student members. The latter are elected by popular vote, two each year. Its original purpose was to appoint the editors and business managers of the Daily Illini and to determine matters of general policy for this publication. Although this change was a radical departure from the old tradition, the board has proved successful in its operations in spite of its many problems, and now has supervision over all campus publications and owns all publication property.

The impartial selection of the student editors and managers of the various publications of this body has tended to encourage rather than discourage the interest shown in campus publications. Although there was at first some doubt as to the benefit of such a board, it is now recognized as one of the leading factors in the recent development of campus publications and in no way has it hindered the originality, initiative, or executive ability of the students.

## THE ILLINI PUBLISHING COMPANY

V. L. KRANNERT, *Company Manager*

**T**HE Illini Publishing Company is regarded by many as the greatest student publishing company in the world. It was established for the purpose of conducting the student publications and employs a business manager who carries on the business affairs of the company and advises the publication managers. All the publications, with the exception of the Illio, are printed in the company's own printing plant in the basement of the Union Building, where full-time men are employed to print the Daily Illini, after it is made up by the student staff of news editors, copy readers, and proof readers.

The combination of all the publications into one organization with a capable manager to advise the student editors and business managers has enabled all of them to gain a firm foothold.

This system of conducting student publications has been so successful, that the Illini Publishing Company has been used as a model by many universities.

**T**HE Independent Council is under the direction of a cabinet of five elected from a senatorial body of sixty. It has as its purposes the promotion of fellowship amongst independent students and their direction in campus activities. In the past it has sponsored dances, smokers, and social dinners; aided freshmen in registering; given banquets for non-fraternity letter-men; and conducted a series of bridge, billiard, and athletic tournaments. It plays an important part in the organization of independent teams for participation in intramural sports. Through its various channels, the Independent Council brings four thousand unorganized men into contact with the campus extra-curricular life.

**T**HE Dance Supervision Committee, composed of ten Seniors appointed by the Student Council, has all University dance functions under its direction. It assists the various dance committees by acting as an advisory body to them. Aside from this duty, it supervises the petitioning and sale of tickets to all dances, and decides upon the eligibility of students for the different class functions. The committee is responsible to the University officials in all its work. Due to the excellent work of this year's Dance Supervision Committee, the campus dances have met with unprecedented success.

SEEING the advantage of a directing board or guild, representatives from the three dramatic societies on the campus, Faculty Players' Club, Mask and Bauble, and Pierrots, were chosen to serve in this capacity. This board, the Illini Theatre Guild, organized through common interests, common aims, and common problems, was formed in 1924, and has since held a respected position in University dramatics. The

personnel consists of one member from each of the above societies, two representatives from the University, one member from Woman's League, and this year were added one representative from Y. W. C. A., and one from Sigma Delta Phi. The Guild is concerned with the complete management of all productions staged by the individual societies. In this manner it is responsible for the success or failure of campus dramatics.

**T**HE Illini Theatre Guild managerial system, which handles the business and production phases of dramatics, just as the coaching staff handles the acting and directing, was installed in the spring of 1929, and since then has proved very successful. The managers, unlike the coaches, are chosen from the student body. Abil-

ity, knowledge, and practical experience are considered. All of the problems connected with play production, such as ticket sales, scenery design, and costuming, come to the attention of these managers. Wasted effort and impractical expenditure are reduced to a minimum under this system.

## THE QUEEN'S HUSBAND

**M**ASK AND BAUBLE presented this delightful drama for the entertainment of the Mother's Day visitors. Lee Savage, for his vivid characterization of the King, won the acclaim of an appreciative audience, while Betty Stoolman, as his Queen, and the remainder of the supporting cast performed excellently.

## HOMECOMING STUNT SHOW

**E**NTERTAINING an audience of Illini Homecomers with its variety of skill—both good and bad—the Annual Homecoming Stunt Show was presented on the evenings of October 17 and 18. The participants numbered 120, the 13 acts in which they took part utilizing song, dance, and humor to delight the spectators. Pi Kappa Alpha's interpretation of a sextette of Floradora Girls won first place among the group prizes, while the never-failing team of Finnegan and Gard led the doubles contestants. J. P. Robinson's deft impersonations of musical stars gave him the singles' trophy.

## STAR COURSE PRESENTATIONS

**E**NJOYING one of its most artistically successful seasons since its inception on the Illinois campus, the Star Course furnished music- and drama-lovers with some of the finest talent to be found on American boards. In addition to the attractions pictured on this page, Mme. Claire Dux, noted soprano, and Senor Jose Iturbi, the Spanish pianist whom critics are hailing as a potential Paderewski, were offered as subscription numbers on the regular course, and early in the year Fritz Leiber and his company inaugurated their season with four Shakespearean dramas under its auspices.

**A**MID towering shields of white containing blended silhouettes in black, the 1930 Seniors climaxed their social careers. The cold beams of the Gym Annex were lost in the soft glow, and momentarily the 650 couples were caught in the glamor of the music and the June night.

Ted Weems, appearing for the first time on

the Illinois campus, was received fittingly by the Seniors. His music kept the dancing couples in high spirits, and added much delightful color to the occasion. In order to effect a slight change from the usual procedure, the Grand March was shortened considerably, and a gay group responded to the diversion.

**T**HE 1930 Ball was unusual in many respects. For the first time in several years, the dance was held on only one night, June 5, and though fewer persons attended, an hilarious atmosphere prevailed, lending spirit and gayety to the crowd. Decorations, effectively contrasting black and white, were perhaps the most outstanding seen at

a class function of late. The orchestra platform centered in a group of dancing silhouettes, presented a marked contrast to the decorative effects used in previous years. The silhouettes, suggesting rythm, confronted the seniors on every hand and urged them, as did the music, to dance.

## MILITARY BALL

**R**ICH gleaming leather of officers' uniforms and many-hued folds of soft evening gowns blended with music by Ace Brigode and his fourteen Virginians February 20, for the grandiose event on the University social calendar—the Military Ball.

The Gym Annex's steel rafters and braces were transformed into a sky of blue and orange that rippled as it reflected the moving light from a searchlight playing upon it. Khaki tents, tall green pines, regimental flags, a flight of tiny planes suspended from above, cannon, machine guns, an ambulance—all these did their bit to make the student soldiers feel in their element.

At 11:20 o'clock following the grand march, the officers faced the huge flag hung from the balcony, saluted, the orchestra began, and—on with the dance.

A RED and black inferno of pseudo-devils and burning cauldrons formed the scene for Illinois' second formal Sophomore Cotillion on the night of January 16, when six hundred fifty formally-attired couples of the Class of '33 held their annual function. Novel lighting effects and multi-colored spotlights lent an air of sophistication to the affair, which was climaxed at 11 o'clock by the grand march. Music was furnished by Herbie Kay's popular thirteen-piece orchestra.

ON April 10 the Ag and Home Ec Students donned the traditional overalls and straw hats, and thronged College Hall to make merry. The occasion was the annual Ag Dance, the most important social function of the students enrolled in the College of Agriculture. Lacking the dig-

nity of staid affairs, hilarity was the prevalent note. Sitting on the floor in lieu of chairs, and surrounded by corn shocks and bales of hay, the "farmers" danced to the music of Bernie Young's orchestra. The informality made the evening one long to be remembered by all who attended.

**T**HE University maintains three bands — the Concert, the First, and the Second Regimental bands. Each of these forms a division of the Greater Illinois Band which numbers 300 musicians in its membership, and from whose ranks the members of the University Football Band are chosen. This latter makes out-of-town trips with the Varsity Football Team, and presents a colorful pageantry at the home games each fall.

Professor A. A. Harding's chief aim in directing the band is to develop a musical organization of symphonic proportions, with the building up of a march-

ing band as a secondary desire. Thus the Regimental Bands direct their efforts toward the training of men for promotion and participation in the Concert Band, a group of specially selected musicians who study and execute the higher types of music. The Concert Band includes an annual tour of mid-western cities in its definite schedule of musical performances each year.

Membership in any of the bands is accepted as a substitute for the required military drill and tactics by the University.

**T**HE University Choral Society, under the direction of Director Frederick B. Stiven of the School of Music, is an organization of two hundred members composed of students, faculty, and townspeople. Three choral concerts are given each year. The concerts this year have been Händel's "Messiah," presented at

Christmas, César Franck's "The Beatitudes," an oratorio given January 25, and Verdi's opera "Aida," sung with the aid of the Men's Glee Club on April 23. Well known soloists assisted the Choral Society in the staging of these performances.

LEGISLATORS' REVIEW

## UNIVERSITY

**M**ILITARY instruction at the University is based on the Land Grant Act. The State accepted this Act and the grant of land provided thereby on February 28, 1867. A plan for the Military Department was adopted by the Board of Trustees in November, 1867, on recommendation of a Committee which said in its report, "while the effects of this Department will be to scatter through the State a body of men, so far advanced in Military work, that, in case of war, they will furnish skilled officers, ready to drill and lead the Military forces of the country, it is the opinion of many experienced educators that the introduction of Military drill and discipline is of positive value for their educating influence. They will materially assist in the Government of the Institution, and tend to form those habits of order and punctuality, for want of which so many educated men fail of usefulness and success."

OUR OWN OFFICERS' CALL

## BRIGADE

THE ARMORY

**T**HE present Military curriculum for the Reserve Officers' Training Corps was adopted by the University Senate soon after the War and approved by the Board of Trustees. The advantage of this military training to the nation, the University, and the students participating has been obvious through the years. It is a service to the Nation and the State to prepare officers in a civilian atmosphere. It is to the advantage of the University because such training interests the people at large and impresses them with the belief and desire of the University to train young men for this as well as for other lines of public service. It is to the advantage of the student because it has an educational value in the development of his character, and because the study of Mathematics and Engineering from the Military point of view is as truly an educational process as is the study of these subjects from the point of view of the Civil or Mechanical Engineer.

**W**HILE the primary purpose of the Reserve Officers Training Corps is to produce officers for the Organized Reserve who in event of war become the military leaders of the nation, a second, and no less important, object is the development of those traits which make for civil leadership. Initiative, dependability, courtesy, and discipline are as much the requisites of the respected citizen as they are of the efficient soldier. The principles of strategy and organization of military movements are basically identical with those of peace time projects. In availing himself of this training, the student fulfills a dual obligation of citizenship—"to provide for the common defense" and to make himself a more fit member for society.

Outside the prescribed course of instruction are the several military fraternal societies which serve to create *Ésprit de Corps* and instill a feeling of Goodfellowship throughout the Brigade. Numerous other activities engage the interest of the Cadets—such as, rifle and pistol teams, Horse Show, Pershing Rifles, and polo. Through their activity these groups supplement the work of the Department.

**I**N time of war every citizen is at the disposition of his country. Every citizen, therefore, should in time of peace prepare himself for the country's need in time of war. The country, recognizing the advantages to be gained by timely instruction in military matters, undertakes to substantially assist those institutions which maintain satisfactory military departments. This assistance consists of both finance and personnel.

Since its establishment in 1868, the University of Illinois has been one of the leading colleges of the land in support of the Government's policy for defense of country. The Military Department came into being with the University itself. Its growth has kept pace with the University, and its history is one of which the University may well be proud.

The University Brigade is made up of the highest type of the country's manhood. The soldierly appearance and conduct of these young men are sources of great pride to those who have the privilege of being identified with them.

**W**ITH the installation of this unit at the University of Illinois each combat arm of the Service is now represented in the Brigade. The basic course including Freshmen and Sophomores is organized in a four battery battalion.

The advanced course was made possible this year by Col. Weeks, who secured special War Department authority for this. Twelve first year advanced corps students volunteered to transfer from other units to the new one. In this manner the normal development was exceeded by two full years.

In addition to the basic disciplinary training common to all arms of the service, the Coast Artillery student studies and practices the science of bringing artillery fire on moving targets either in the water or in the air. He must be prepared to work either with Seacoast artillery or with Anti-Aircraft artillery. However, since the primary assignment of this unit is to Anti-Aircraft artillery, a greater portion of the work is with that type of artillery. It includes the use of the anti-aircraft cannon, machine guns and searchlights, all of which are on hand at the University.

# ORGANIZATIONS

Handwriting practice lines consisting of five sets of three horizontal lines (top, middle, bottom) in a light blue color.

A solid light blue rectangular box.

**One's identity is not by family or name, but in Greek letters here . . . if curious, one asks, not "Is he bright or clever?" but, "What house is he, my dear?" . . . Joe College, must, I think, be organized. . . .**

A solid light blue rectangular box.

# MANUFACTURERS' WIRE

*Annealed—Bright—"Galvannealed"—Spring*

The Keystone started fence making in 1889. From a little one-room building at Tremont, Ill., it has gradually grown to be the largest independent wire and fence mills in the U. S.; in fact, in the world.

These are "self-contained" plants—making their own steel from the raw material up, including ingots, billets, rods, wire and wire products, for general manufacturing purposes, as well as for their own use.

While Keystone specializes on manufacturers' wire, woven wire fence, barbed wire, nails, gates, posts, etc., its outstanding nationally advertised product is "Galvannealed" wire. Galvannealing is a patented method of wire making, whereby a much heavier coating of zinc is applied to a copper-bearing wire base, resulting in a product that far outlasts ordinary galvanized wire, yet sells at regular market prices. Interesting literature will be mailed on request.

# Getting more in net PROFITS - by reducing production costs

**T**WO men on a John Deere Combine outfit—one man driving the tractor and the other operating the combine—can cut, thresh and clean the grain from as many as 60 acres a day. They do the work at one-third the cost required by former methods.

One man with a John Deere tractor and three-furrow plow can plow 15 acres a day—seven times as much as with a walking plow and three times as much as with a 28-inch, horse-drawn gang.

One man with a John Deere General Purpose Tractor, equipped with three-row cultivating attachment, can cultivate as many as 40 acres a day—

nearly six times the capacity of a single-row horse-drawn cultivator.

One man with a John Deere two-row corn picker can pick from 12 to 18 acres of corn a day—he can do the work of from six to ten men picking by hand.

In similar ways, all through the crop year, many thousands of farmers, with John Deere machinery are increasing profits by reducing production costs.

There is time-saving, labor-saving, cost-reducing John Deere equipment for every farming operation—the products of nearly a century of experience in building quality farm implements.

A black and white advertisement for the Victor Adding Machine. The central focus is a large, stylized letter 'V' that serves as a backdrop. Inside the upper right portion of the 'V', a Victor adding machine is displayed. The machine is dark-colored with a light-colored keyboard and has the word 'VICTOR' printed on its top and front. Below the machine, within the 'V', the text '\$100.00' is printed, followed by 'WORLD WIDE SERVICE' and 'OTHER MODELS \$75.00 UP'. At the base of the 'V', the word 'VICTOR' is written in large, bold, sans-serif capital letters. Below this, a banner contains the text 'ADDING MACHINE CO.' in bold, with 'CHICAGO' and 'ILLINOIS' on either side of a small double-dash separator. The entire advertisement is framed by a double-line border. At the top and bottom center of the border, there are small, semi-circular punch-hole marks.

◆ Yesterday's Illini struggled mightily with poor light and adverse conditions in a search for knowledge, while fathers and mothers slaved long hours each day in home, industry and farm. Today a great, modern servant shortens and lightens yesterday's bleak hours of drudgery . . . brings comforts and luxuries to college and home that a king could not command a few short years ago.

Congratulations on your success during the student years now passing. Electricity can be of immeasurable assistance to you in your future progress if you will make full use of it. Whatever your vocation . . . let Electricity be your lifetime servant!

The combined tonnage of Admiral Dewey's fleet in the battle of Manila Bay was 19,000 tons—less than the tonnage of the *Pennsylvania* or her sister ships the *California* and the *Virginia*, the new electrically driven vessels in the service of the Panama Pacific line.

## BIGGER than Dewey's whole fleet

**FOR THE HOME**—General Electric and its associated companies manufacture a complete line of electric products and appliances, including G-E MAZDA and G-E Edison MAZDA Lamps, G-E refrigerators, G-E fans, G-E vacuum cleaners, G-E wiring systems, Edison Hotpoint ranges, percolators, toasters, and other Hotpoint products.

**FOR INDUSTRY**—Several thousand electric products and appliances, including generating and distributing apparatus, motors, electric heating apparatus, street lights, floodlights, traffic lights, airport lights, Cooper-Hewitt lights, Victor X-ray equipment, motion-picture apparatus, electric locomotives and equipment, and street-car equipment.

**B**UILT not for war but for peace, the 35,000-ton S. S. *Pennsylvania* is not only bigger than all the ships of Dewey's heroic squadron put together, but far more efficient than any of them. Her 17,000-hp. motors have enabled the *Pennsylvania* and her sister ships the *California* and the *Virginia* to cut the coast-to-coast schedule of the Panama Pacific line to thirteen days, and have set a new standard of noiseless, vibrationless ocean travel.

General Electric engineered and built the electric equipment of these magnificent new vessels. Other General Electric engineers and research scientists are doing equally important pioneer work on land and for the new traffic of the air. The G-E monogram appears on thousands of electric products and appliances as a symbol of research, an assurance of advanced electrical correctness, dependability, and service.

## The Clements

The degree of efficiency and dispatch with which an electric cleaner performs its task is directly dependent upon the motor.

Over a period of twenty years, Clements engineers have perfected a motor unequalled among household cleaners for power, ruggedness and dependability. This motor is unique in its twofold ability to revolve a beating, sweeping brush and to develop the super-suction needed to reach and remove imbedded dirt.

Master Clements craftsmen have utilized the finest in material to construct a cleaning unit of smart appearance and rugged strength. It is truly a lifetime cleaner.

## Considerations of Vital Importance to the Equipment Purchaser

It is only natural to expect claims for excellence in design, materials, and workmanship in the manufacturer's description of his product. To anyone unacquainted with S. S. White methods and policies such claims would make little or no impression any more than the customary language of advertising. When, however, one gives a little thought to the history of a producing organization and to its recognized business policies, the printed words about its product have more significance.

The S. S. White Dental Manufacturing Company commenced its history in 1844 by making and selling only the best dental supplies possible of production. In its long business existence an enviable reputation for doing things right has extended to all parts of the world. S. S. White goods are accepted everywhere as the highest standard in dental supplies.

In the manufacture of dental chairs and equipment at Prince Bay, Staten Island, N. Y., the accuracy and thoroughness of construction simply reflect the general principles of S. S. White production. No detail is slighted, no parts are unimportant because they may be concealed from view, no work is done on the "good enough" basis. Likewise no material is used to save cost and increase profit, and compromise quality. That is why S. S. White engines, handpieces, steel goods, chairs, and equipment give years and years of uniformly excellent service. That is why generations of dentists have continued to purchase S. S. White products. That is the plain reason for their ultimate economy.

Upon request, we will gladly mail literature on S. S. White Operating Room Equipment, together with a booklet giving suggested technique for the utilities of the Accessory Table, and a general catalog of S. S. White Products

# The CONFIDENCE that comes of PROPER ENVIRONMENT

WHEN your first prominent patient presents herself at your office what will your feeling be? Will your equipment and environment be such as to inspire you with a confident, successful attitude, or will it be so unattractive as to cause a feeling of uncertainty and doubt in your own mind as well as in the mind of the patient?

The importance of "first impressions" cannot be minimized. A dentist's success does not depend altogether upon modern appliances and pleasant surroundings, but they help tremendously. Most of your patients will have but slight knowledge of dental procedure. Their judgment of you as a dentist will be largely founded on your personal appearance and that of your office.

Our equipment service consists partly in designing and installing "practice-building" dental offices—offices that reflect the owner's ability to render superior dentistry. But this is not always enough. The young man starting into practice is apt to need something more. He may need help in finding a location, in planning his office, in securing a clientele, in installing proper accounting methods, or in solving other of the many problems arising in the practice of dentistry.

During the past twenty-three years we have helped a great many of the graduates of your school to establish themselves on a successful basis. You, too, may avail yourself of these sincere and friendly services merely for the asking and without any obligation on your part.

## OF COURSE ... you'll want your own x-ray unit

FREQUENT use of the x-ray is one of the ways by which the public is learning to distinguish the progressive dentist. More and more the leaders in the profession are installing their own x-ray units.

The Victor CDX Dental X-Ray Unit has been a great factor in creating this vogue for individual ownership. The Victor CDX hangs suspended from the wall. It is electrically safe. Both transformer and tube, insulated in oil, are enclosed in the tube head. There is no high tension current exposed anywhere. You and your patient can touch the CDX anywhere while it is in operation. There is no danger of shock.

Let us send you the facts drawn from the experience of successful practitioners about this modern unit. It makes radiography almost as simple as photography. As you start out, you cannot afford to be without this important tool of your profession. Write us about monthly payment plan.

the Dope!*

“WE beat them 14 to 7. Dad! In the last quarter Dick Brady ran sixty-seven yards for the winning score . . . you should have seen him travel!”

Dad telephones his boy at school and “gets the dope” on all the games. Father and son talk over studies, too, and—need it be said—finances! Mother says “hello,” too, and these little telephone visits keep her happy while her boy is away in a distant college town.

Sons and daughters away at school can telephone home and have the charges “reversed.” Make a habit of “keeping in touch” by telephone calls through the school year. Long Distance is QUICK . . . CLEAR . . . INEXPENSIVE!

An unusual organization of skilled typographers. Wide experience and years of service enable these men to assure your work the highest quality in book, catalog or advertising typography.

The LARGEST Monotype, Linotype and Electrotype plant in the world. Here you will find a composition service from the simplest of straight matter to the most intricate technical work.

THE COMPOSITION AND MAKEUP OF THIS ISSUE, AS WELL AS THOSE FOR THE PAST SIX YEARS, ARE PRODUCTS OF THE M & L COMPANY

ONE of the old philosophers is credited with having said, "After all we do those things which we really want to do."

An analysis of our conduct from day to day really proves the correctness of this philosophy. Our accomplishments, yours and mine, are the direct result of a determination to accomplish.

Strange to relate, many of the world's greatest accomplishments are the outgrowth of dreams — sometimes just day dreams. Dreams only become realities when the dreamer has the determination to see them through.

The idea that you would attend Dental College and become a member of a noble profession was, at one time, more or less a dream. Remember? You possessed the determination to make that dream a reality.

And peculiar as it might seem, all of the time that you have been accomplishing your object, you have been dreaming of other things — among them a successful professional career. Your ability to make this dream a reality again depends upon your determination; however, you must not handicap yourself by an uncomplimentary introduction to your patients. Remember —

"A dentist is accepted by his patients as being as modern as his surroundings indicate."

Ritter's 40 years of experience is yours for the asking.

# OFFSET PRINTING . . . FITTED to YOUR SALES PROBLEMS

## REPRODUCTION

Whether beauty, delicacy or sturdiness are the features of your product to be emphasized, our craftsmen are skilled in reproducing the qualities of the original object, because they are advertising minded—more than photographers. The wide experience of our engravers and artists in putting realism on paper is illustrated by the superior place Chicago Offset Printing Company holds as quality printers.

## PRINTING

We do more than just print it for you. Each job, regardless of its size or importance, is under constant supervision of an experienced, advertising minded craftsman, exacting in his demand for quality. In the interest of our clients, every step in the production of a printed piece is carefully checked, thus assuring the maximum in service and economy. We are thoroughly equipped with a battery of up-to-date offset presses to produce almost any form of printed matter for you.

## COMPLETE SERVICE

Clients often find themselves stumped over various details attached to their advertising campaign. Whatever the problem we can help you, whether it be assistance in planning the distribution of your media, analyzing your market, or even the simplest mailing operation. The large scale operation of THE CHICAGO OFFSET PRINTING COMPANY, and its "Advertising Mindedness," through its affiliated organizations, makes such a complete service possible.

# ILLINI ACHIEVEMENT

THE passing years in Illini history have seen many great achievements of loyal men and women. Taking its place among them is the Illio of the class of 1931. It stands as a fitting tribute to the ingenuity and industry of those who built it. Staff members will experience a great deal of satisfaction and pride in the successful culmination of their work. The Manz Corporation shares in this pride, as it has been privileged to print the Illio of 1931.

For sixty-four years Manz has developed—until today it is the largest complete printing establishment of its kind in the country. Here everything required for the complete printed job—from Idea to Finished Product—is produced under one roof.
